- Some federal funds
- Fines and miscellaneous receipts

HOW THE OVERSIGHT STRUCTURE HAS EVOLVED

1994 — Established in Minn. Stat. § 97A.055 Subd. 4a	2001 — Reauthorized & restructured in Minn. Stat. §97A.055 Subd. 4b	2011 — Reauthorized & restructured in Minn. Stat. §97A.055 Subd. 4b
7 separate committees. Members appointed by DNR Commissioner.	Integrated structure with several subcommittees plus an umbrella group. Members appointed by DNR Commissioner.	Integrated structure with 2 principal citizen oversight committees plus an umbrella group. Members appointed by DNR Commissioner.
The "general" committee was commonly called the "Citizen Oversight Committee" (COC). COC members wrote the 2001 reauthorization bill and found sponsors.	Subcommittees designate their own chairs, which together form an umbrella "Budgetary Oversight Committee" (BOC). DNR Commissioner appoints another person to chair the BOC, because the statute bars subcommittee chairs from chairing the BOC.	Each committee designates its own chairs plus 4 other members to serve on an umbrella "Budgetary Oversight Committee" (BOC). DNR Commissioner appoints an 11th person to chair the BOC, because the statute bars subcommittee chairs from chairing the BOC.
Tasks are to review annual reports of revenue and expenditures, and make recommendations to the legislature and the commissioner for improvements in the management and use of money in the game and fish fund.	Oversight participants sought and gained two additional tasks: Recommendations to the commissioner for outcome goals from expenditures (<u>added in 2000</u> ; sought by Wildlife Operations Committee). Biennial budget plan recommendations to the commissioner by August 15 of each even-numbered year (<u>added in 2001</u> ; sought by former Citizen Oversight Committee).	Tasks remain unchanged from previous authorization.

HOW MEMBERS ARE APPOINTED

Members serve in the citizen oversight process as long as the member and the DNR Commissioner both want the appointment to continue. DNR senior managers make recommendations to the commissioner for new appointments and advise on continuing appointments. These appointments are for individuals, not formal representatives of particular organizations. The DNR will strive to have an appropriate range of interests and perspectives on each committee.

OVERSIGHT COMMITTEE STRUCTURE AND TASKS

Members of two (2) committees are appointed by the DNR Commissioner and each committee designates its own chair:

FISHERIES OVERSIGHT COMMITTEE (FOC) to review fisheries funding and expenditures, including activities related to trout and salmon stamps and walleye stamps.

WILDLIFE OVERSIGHT COMMITTEE (WOC) to review wildlife funding and expenditures, including activities related to migratory waterfowl, pheasant, and wild turkey management and deer and big game management.

FOC and WOC tasks:

1. Review annual reports of revenue and expenditures;
2. Review the proposed work plans and budgets for the coming year;
3. Propose changes in policies, activities, and revenue enhancements or reductions;
4. Review other relevant information; and
5. Make recommendations for improvements in the management and use of money in the game and fish fund

The chairs of the Fisheries Oversight Committee and the Wildlife Oversight Committee, plus four additional members from each committee, will form a **BUDGETARY OVERSIGHT COMMITTEE (BOC)**. The BOC Chair is appointed by the DNR Commissioner and may not be a FOC or WOC chair.

BOC tasks:

1. Coordinate integration of the fisheries and wildlife committees' reports into an annual report to the legislature;
2. Recommend changes on a broad level in policies, activities, and revenue enhancements or reductions;
3. Provide a forum to address issues that transcend the fisheries and wildlife committees; and
4. Develop recommendations for a biennial budget plan and report for expenditures on game and fish activities and, by August 15 of each even-numbered year, submit the budget plan recommendations to the commissioner and to the senate and house committees with jurisdiction over natural resources.
5. May also make recommendations to the commissioner and to the senate and house committees with jurisdiction over natural resources for outcome goals from expenditures.

DNR SUPPORT

DNR managers and staff provide technical assistance to the oversight committees. DNR also provides meeting rooms and conference call capability as needed.

A facilitator and clerical support are available to assist the BOC with work planning, effective meetings, and group decision-making. DNR managers and commissioners regularly sit in on meetings of the budgetary oversight committee.

Since FY 2002, the DNR has posted on the DNR's website its annual Game & Fish Fund expenditures reports, BOC reports and correspondence, and other information about citizen oversight of the Game & Fish Fund.
