

**Parks & Natural Areas Subject to Permanent Land Use Requirements
Through Grant Agreements Administered by the MN Dept. of Natural Resources.**

As of July 2017 - new sites added yearly

Converting any of these properties to a non-recreation use requires prior approval by the Commissioner of MN Natural Resources and, if funded by federal LAWCON, by the National Park Service. In most cases, the entire site is subject to grant requirements even though only a part of the area may have been acquired or developed with grant funds. For additional information or updates, contact the MNDNR, Division of Parks & Trails, Local Grants Unit.
