This list has been compiled as a guide for holders of Aquatic Plant Management Permits, issued annually by the Minnesota Department of Natural Resources.

We believe we have made a diligent effort to locate and include all persons and companies dealing in approved herbicides and algaecides; however, inclusion on the list is not intended to be and should not be construed as endorsement of any person, company or brand. Likewise, omission from the list is unintentioned and should not be construed as criticism or lack of approval of any person or company.
