

MAP 19. MINNESOTA 6-COUNTY NON-METROPOLITAN AREA: COMMUNITY CLASSIFICATION

Data Source: Ameregis.

Two groups of municipalities in the six non-metropolitan counties—Stressed and Developed Job Centers—show clear signs of fiscal stress. Developed Job Centers are the area’s traditional economic centers and are home to nearly 60 percent of households in the six counties. Only about a third of the area’s households live in municipalities with a combination of higher than average tax resources and lower than average cost factors.
