Taxonomy, Season and Abundance Key

The names and taxonomic arrangement of species follows that of the Checklist of the Birds of Minnesota (January, 2009) prepared by the Minnesota Ornithological Union (MOU) Records Committee.

The seasons in the checklist are defined as follows:

Sp (Spring) = March, April, May

Su (Summer) = June, July

Fa (Fall) = August, September, October, November

Wi (Winter) = December, January, February

Abundance codes are defined as follows:

C = Common — present, relatively easy to find

U = Uncommon — observed, may be difficult to find

O = Occasional — may or may not be present in any year

R = Rare — has occurred at least once, may recur

This checklist contains the names of all birds that have been documented at this site by reliable observers, including principal observer Jerry Bonkoski, MOU records, and data contained in research reports. Checklist layout by Jennifer Lintemann. Persons interested in the sources used in preparation of this list may contact Project Supervisor/Nongame Specialist Katie Haws at 218-308-2641.

For more information contact DNR Information Center, 500 Lafayette Rd. St. Paul, MN 55155-4040 651-296-6157 or toll-free 888-MIN-NDNR (646-6367).

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquiries should be sent to the Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, D.C. 20240.

This document is available in alternative formats to individuals with disabilities by calling 651-296-6157 In the Metro Area, TTY 651-296-5484, 800-657-3929
