Birding Opportunities at Buffalo River State Park

Buffalo River State Park and the adjoining Bluestem Prairie Scientific and Natural Area form one of the largest native prairie areas in Minnesota. These grasslands provide prime habitat for many prairie bird species. This is probably the only place in the state where one can drive your car right up to a prairie chicken lek and watch the birds perform without getting out of your car. Grassland, clay-colored, grasshopper, savannah, and the secretive Henslow's and LeConte's sparrows are found on the prairie. Upland sandpiper, northern harrier and the occasional short-eared owl hunt over the grasslands. The grasslands on the south edge are the gathering place for thousands of Brewer's blackbirds in the fall. The wooded areas, especially along the Buffalo River, provide excellent areas for observing migratory warblers, vireos, sparrows, thrushes and flycatchers.

Season and Abundance Key

The **seasons** in the checklist are defined as follows:

Sp (Spring) = March, April, May

Su (Summer) = June, July

Fa (Fall) = August, September, October, November

Wi (Winter) = December, January, February

Abundance codes are defined as follows:

C = Common — present, relatively easy to find

U = Uncommon — observed, may be difficult to find

O = Occasional — may or may not be present in any year

R = Rare — has occurred at least once, may or may not be expected to recur

The names and taxonomic arrangement of species follows that of the Checklist of the Birds of Minnesota (January, 2001), prepared by the Minnesota Ornithological Records Committee.

This checklist contains the names of all birds that have been documented in the park by reliable observers. It was constructed by Robert B. Janssen, Jerry Bonkoski, and the MN DNR-Division of Parks & Recreation using observations of the above, park staff and other observers, as well as Minnesota Ornithologist's Union records and data contained in research reports. If you are interested in the specific sources used for a particular park, contact the Parks Division Resource Management Program Coordinator by telephone at 651-259-5594 or by mail at MN DNR-Parks, 500 Lafayette Road, Box 39, St. Paul, MN 55155-4039.

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquires should be sent to the Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, D.C. 20240.

This document is available in alternative formats to individuals with disabilities by calling 651-297-1158.
