Birding Opportunities at Gooseberry Falls State Park

Located on Lake Superior, this park is a good place to view the migration of a wide variety of bird species. Flycatchers, vireos, thrushes, warblers and sparrows migrate through the area in large numbers. The parks forest areas provide prime habitat for boreal nesting warblers and thrushes. Common mergansers, red-breasted mergansers, long-tailed ducks and other diving ducks can be common on the lake. Unusual gulls, such as Thayers and Iceland have been seen. In winter, this is an excellent place to observe pine grosbeaks, redpolls, crossbills, ravens and possibly boreal, snowy and great gray owls.

Season and Abundance Key

The **seasons** in the checklist are defined as follows:

- Sp** (Spring) = March, April, May
- Su** (Summer) = June, July
- Fa** (Fall) = August, September, October, November
- Wi** (Winter) = December, January, February

Abundance codes are defined as follows:

- C** = Common — present, relatively easy to find
- U** = Uncommon — observed, may be difficult to find
- O** = Occasional — may or may not be present in any year
- R** = Rare — has occurred at least once, may or may not be expected to recur

The names and taxonomic arrangement of species follows that of the Checklist of the Birds of Minnesota (January, 2001), prepared by the Minnesota Ornithological Records Committee.

This checklist contains the names of all birds that have been documented in the park by reliable observers. It was constructed by Robert B. Janssen and the MN DNR-Division of Parks & Recreation using observations of Mr. Janssen, park staff and other observers, as well as Minnesota Ornithologist's Union records and data contained in research reports. If you are interested in the specific sources used for a particular park, contact the Parks Division Resource Management Program Coordinator by telephone at 651-297-1158 or by mail at MNDNR-Parks, 500 Lafayette Road, Box 39 St. Paul, MN 55155-4039.

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquiries should be sent to the Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, D.C. 20240.
