Birding Opportunities at Soudan Underground Mine State Park

Surrounding the underground mine is over 1,000 acres of forest, lakeshore and even a sewage pond. All of this makes for good birding and park trails make for very accessible birding. The shoreline of Lake Vermilion is especially good for migrant warblers, vireos, flycatchers and thrushes. Twenty species of warblers have been recorded in the park, most of them along this shoreline. Lake Vermilion is an excellent place to observe the following species: common loon, bald eagle, osprey and herring gull. One of the park trails passes by the Soudan sewage ponds which harbor a number of duck species. It is one of the few nesting sites for ring-billed gull in Minnesota. A few species of shorebirds can be seen here during migration periods. The trail on the east side of the park is a good place to see ruffed grouse and to see and hear evening grosbeak.

Season and Abundance Key

The **seasons** in the checklist are defined as follows:

Sp (Spring) = March, April, May

Su (Summer) = June, July

Fa (Fall) = August, September, October, November

Wi (Winter) = December, January, February

Abundance codes are defined as follows:

C = Common — present, relatively easy to find

U = Uncommon — observed, may be difficult to find

O = Occasional — may or may not be present in any year

R = Rare — has occurred at least once, may or may not be expected to recur

The names and taxonomic arrangement of species follows that of the Checklist of the Birds of Minnesota (January, 2001), prepared by the Minnesota Ornithological Records Committee.

This checklist contains the names of all birds that have been documented in the park by reliable observers. It was constructed by Robert B. Janssen, Jerry Bonkoski, and the MN DNR-Division of Parks & Recreation using observations of the above, park staff and other observers, as well as Minnesota Ornithologist's Union records and data contained in research reports. If you are interested in the specific sources used for a particular park, contact the Parks Division Resource Management Program Coordinator by telephone at 651-259-5594 or by mail at MN DNR-Parks, 500 Lafayette Road, Box 39, St. Paul, MN 55155-4039.

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquiries should be sent to the Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, D.C. 20240.

This document is available in alternative formats to individuals with disabilities by calling 651-297-1158.
