Checklist created by Robert B. Janssen, Jerry Bonkoski and MNDNR. Data was gathered from MNDNR staff observations, public observations and Minnesota Ornithologist's Union records. Nomenclature and organization of checklist based off of the *Check-list of North American Birds* (7th edition) as currently supplemented.

# BIRD CHECKLIST

## OLD MILL STATE PARK

## Birding at Old Mill State Park

The bench above the WPA Era Structures on the western bank of the Middle River is an excellent place to sit and watch birds of all sorts. You'll be able to see the lower bowl of the park with views along the river, pond and woods. Bring a pair of binoculars for an enhanced experience.

Hike across the stone bridge and up to the bench overlooking the Middle River. As you walk through the woods look for warblers, vireos, flycatchers, sparrows and thrushes. Once at the bench, watch for swallows flying over the river.

### Key

#### Occurrence

**Sp** - Spring (Mar—May)

**S** - Summer (Jun—Jul)

**F** - Fall (Aug—Nov)

**W** - Winter (Dec—Feb)

#### Abundance

**C** - Common (Present, relatively easy to find)

**U** - Uncommon (Present, not certain to be seen)

**O** - Occasional (Infrequent, may not return each year)

**R** - Rare (Observed at least once, may not return)

**Date:** Enter the date you saw the bird.

## Bird Identification Tips

When you observe a bird, make note of at least three characteristics.

**Location:** Where did you see the bird? (water, forest, feeder, lower branch, tree trunk, etc.)

**Body size and shape:** Compare to a known bird. (smaller than a...bigger than a...plump like a...slender like a...) Look at tail, legs and bill. (long, short, thick, thin, curved, straight)

**Colors and markings:** Look on wings, tail, back, belly, rump and head. (stripe above eye, white spot on tail, etc.)

**Sounds and movements:** How do they act and sound? (travel alone or in groups, in-flight wing position - soaring, flapping, flap and glide, etc.)
