Birding Opportunities at Tettegouche State Park

Tettegouche State Park contains more than 8,000 acres with 23 miles of trails, which provide opportunities to observe many of the more than 140 species of birds found here. This park is best known to the birding community for its large population of breeding black-throated blue warblers. These birds can be found along the trails leading to Mic Mac and Tettegouche Lakes. Twenty-three other species of neotropical warblers occur in the park. The trail to Shovel Point overlooking the Lake Superior shoreline is a good spot to observe spring and fall migrants. The mouth of the Baptism River is good for water birds such as grebes, loons, goldeneyes, mergansers and other species of ducks.

Season and Abundance Key

The **seasons** in the checklist are defined as follows:

Sp (Spring) = March, April, May

Su (Summer) = June, July

Fa (Fall) = August, September, October, November

Wi (Winter) = December, January, February

Abundance codes are defined as follows:

C = Common — present, relatively easy to find

U = Uncommon — observed, may be difficult to find

O = Occasional — may or may not be present in any year

R = Rare — has occurred at least once, may or may not be expected to recur

The names and taxonomic arrangement of species follows that of the Checklist of the Birds of Minnesota (January, 2001), prepared by the Minnesota Ornithological Records Committee.

This checklist contains the names of all birds that have been documented in the park by reliable observers. It was constructed by Robert B. Janssen and the MN DNR-Division of Parks & Recreation using observations of Mr. Janssen, park staff and other observers, as well as Minnesota Ornithologist's Union records and data contained in research reports. If you are interested in the specific sources used for a particular park, contact the Parks Division Resource Management Program Coordinator by telephone at 651-297-1158 or by mail at MNDNR-Parks, 500 Lafayette Road, Box 39 St. Paul, MN 55155-4039.

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquiries should be sent to the Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, D.C. 20240.

This document is available in alternative formats to individuals with disabilities by calling 651-297-1158.
