

INITIAL PWA SITE ASSESSMENT FORM	Region / Area:
PWA Name:	Water body:
City / Township:	County:
Category of water body (e.g. Natural Environment, Recreational Development, General Development, etc.)	

Materials to gather before visit: Site plan Scaled print-out of aerial photo (1" = 20' scale) for on-site mark-up

PWA Details:	
Parking Spaces (& Types) Available: Truck/Trailer:	Car:
Is this a high-use Site? Yes No If yes, explain:	
Is this a high-visibility Location? Yes No If yes, explain:	
Total impervious area of PWA	square feet
Impervious PWA Site Area draining directly to water resource:	square feet
Impervious Surface Type: Asphalt Gravel	Curb/Gutter? Yes No
Does PWA site receive off-site impervious runoff? Yes No If yes, Estimated area:	square feet
If yes, describe off-site impervious impact to PWA / Water Resource:	
Any on-site Storm water Treatment? Yes No If yes, describe:	
Is ramp acting as a funnel for storm water runoff? Yes No	
Erosion along ramp edge(s)? Yes No If yes, explain extent:	
Ramp Width:	linear feet
Total Shoreline Length:	linear feet
Visible erosion on shoreline? Yes No If yes, explain extent:	
Shore-Fishing Pressure (significant trampling)? Yes No If yes, explain extent:	
Other on-site water quality, runoff, erosion concerns	

Invasive species presence	
Describe:
