Grand Portage	143.5

The DNR and the U.S. Army Corps of Engineers have been developing a small craft harbor system on Lake Superior in response to boaters who have expressed interest in increased access to the Lake.

Learn more about boating and water safety. Organizations such as the DNR, U.S. Coast Guard Auxiliary, U.S. Power Squadrons, and the Red Cross have free or low cost education programs and publications available. Call (800) 336-BOAT toll free to find the class nearest you, or see this website www.cgaux.org.

Consult the DNR's Lake Superior Boating Guide for more safety information as well as a description of facilities on Lake Superior. www.mndnr.gov/boating

McQuade

McQuade Small Craft Harbor on Lake Superior is 9 miles north of the Duluth Harbor entry.

This public access facility has been developed by the Minnesota Department of Natural Resources, in cooperation with St. Louis County, the City of Duluth, Duluth and Lakewood Townships, and the US Army Corps of Engineers.

The DNR would like to thank the McQuade Public Access Committee for the countless volunteer hours dedicated to help make this facility a reality.
