BECOMING AN OUTDOORS WOMAN

Becoming an Outdoors Family

Let's have some fun!

In 2018, we have a great slate of hunting, fishing and outdoor classes.

Coordinated by the Minnesota Department of Natural Resources, we at the Becoming an Outdoors Woman (BOW) program are committed to delivering high quality outdoor skills programming with the help of volunteers and collaborating organizations. It's a fun and easy way for you to learn and build skills in a safe and supportive environment.

You have options with BOW.

Our fall and winter workshops are designed to introduce you to a breadth of experiences during a single weekend. Our individual skill courses are designed for those who seek a greater depth of knowledge. We also offer family programs that foster relationships and skill building so that young and old alike can have a great time in the outdoors. So, select an option that works for you.

The BOW program has grown thanks to our excellent volunteer instructors, and people like you... people who want to learn more so they can explore more of what Minnesota has to offer.

I hope you can join us.

Linda Bylander,
BOW Coordinator
