### **Slow speed zone**

A special water surface use regulation is enforced on the St. Croix River between the Taylors Falls dam and the Arcola Sandbar at the mouth of the Apple River. This area is designated as a "*slow speed zone*" where motorboat operation must be restricted to operating "*at a leisurely speed, less than planing speed, whereby the wake or wash created by the motorboat is minimal.*" Please obey all rules.

There is also a "slow - no wake" rule in effect within 100 feet of all shore, including islands, and within 100 feet of swimmers.

When water levels rise to 683 feet at Stillwater, a "slow - no wake" restriction goes into effect on the entire Lower St. Croix from Taylors Falls to Prescott. Signs at public accesses and marinas will notify the public if this restriction is imposed.
