Welcome and Congratulations!

Welcome to the Minnesota Department of Natural Resources, Division of Enforcement Volunteer Instructor Team.

Thank you for your interest in the Division’s educational programs. Thank you for the hours of your time you will be giving to the citizens of Minnesota. It is volunteer instructors that allow the Division’s education programs to improve the quality of Minnesota’s outdoor heritage. Volunteer instructors are the key to having successful education programs.

Introduction

This Volunteer Instructor Procedures Manual is reference material pertaining to your instructor duties and activities. This manual and your instructor training will give you the knowledge and preparation necessary to instruct DNR safety classes. It will also help you know what you are to do, the procedures you are to follow, and what your responsibilities are.

As a certified volunteer DNR instructor, you are a representative of the DNR. You are expected to work cooperatively with your colleagues. You also agree to teach the DNR’s curriculum as well as to abide by and carry out the DNR’s policies, rules and regulations.

Instructors are required to immediately notify the Education Safety Training Office if an instructor is charged with a non-traffic misdemeanor, gross misdemeanor, or felony. Appropriate action may be taken to preserve the integrity of the program, its mission and his/her associate instructors. Failure to report charges may result in decertification. Such appropriate action may include one of the following actions:

**Decertification and Appeal Procedures**

Decertification, and appeals of decertification decisions, will be conducted using the following procedures:

- The Coordinator will give notice to an instructor when decertification is warranted. The notice will be in writing and will contain reasons for the decertification and a summary of the evidence supporting those reasons. The notice will be sent by United States mail.
to the address last provided by the instructor. Unless appealed within fourteen (14) days of the date that the notice was sent, the decertification will become final.

- An instructor may appeal the decertification notice. The appeal must be in writing and must be postmarked, or received by the Coordinator, within 14 days of the date the notice was sent/postmarked.

Incidents and Insurance Coverage
DNR Enforcement Education Instructors involved in education programs are covered by the State of Minnesota’s Risk Management Fund, General Liability Policy. Current copies may be obtained by contacting an RTO or the Education Office. Claims are handled through the State Claims Officer. In the event of an accident or incident involving damage to property or personal injury to an instructor or student, the following procedure must be followed:

- The instructor must contact the local Conservation Officer. The officer will gather as much information as possible about the incident, including photographs and statements from students or other law enforcement agencies and complete a State of Minnesota Incident Report;
- The Conservation Officer will contact the RTO and forward the results of his or her investigation to the RTO;

Physically/Mentally Challenged
DNR Enforcement education programs will be available to any individual desiring to take a course, regardless of ability. Instructors will make appropriate accommodations for any student wishing to take an education course. A provisional certificate may be issued on a case by case basis. Specific questions on accommodations should be directed to an RTO or the Education Coordinator.

Additional Fees
Instructors may charge an additional fee that is equal to or lesser than the DNR fee for that course. Following are the guidelines for charging an additional fee:

- If an additional amount is charged, it will be charged to each participant in the class.
- Additional fees shall not be collected in order to pay a wage to a volunteer instructor.
• Appropriate uses for collecting additional fees would be:
  o Facility rental fees;
  o Food and refreshments for students;
  o Transportation to field activities;
  o Copying and mailing related to safety class;
  o Incidental class expenses;
  o Training aids or safety equipment;
  o Additional ammunition.
• All additional fees must be reported with class rosters:
  o Include itemized lists of purchases;
  o Provide copies of receipts.

**Mandatory Reporter**
M.S.626.556 states, “it is the public policy of this state to protect children whose health and welfare may be jeopardized, through physical abuse, neglect, or sexual abuse.” Instructors who recognize or are aware of any students who have been abused in one of these ways will immediately report the information to social services, police department, or the county sheriff.

**Internet, Media, and Social Media**
With the popularity of internet and social media use, DNR certified safety instructors are not to publish personal opinions or comments related to DNR programs or policies on club websites or social media sites such as facebook, twitter, Youtube, etc. Student photos, videos and images are not to be shared with any media source or on the internet unless a talent release form is signed by the parent or guardian (see page 18).

**Instructing Youth**
Use the following outline to help you prepare your 3-minute opening dialog with your students:

• Welcome the students to your class;
• State your name. Write it on a board or have a name tent for them to see. Pronounce your name, if necessary;
• Inform your students how you wish to be addressed (what name you want them to call you). Give a short synopsis of your background.

Discuss with your students what is required to earn a certificate:

• Students expected to do all assigned homework (instructor discretion);
• Students are to conduct themselves in an adult-like manner in the classroom and during any range or field activities;
• Students need to successfully complete all written reviews, quizzes or examinations.
Why invite parents to attend classes with their son or daughter:

- It may help to eliminate behavior problems;
- Informs the parents/guardians what their children are learning;
- Beneficial for follow-up mentoring of the students – awareness of safety procedures.

Conflicts/Behavior Concerns

- Instructor should notify the parent/guardian;
- The student will not be allowed to participate in future course activities without permission or being accompanied by his or her parent/guardian.

Testing

Read allowed the quiz and examination questions to all the students.

How We Learn

Research has determined the following to be true:

- We remember 10% of what we read
- We remember 20% of what we hear (lecture)
- We remember 30% of what we see (visual aids)
- We remember 50% of what we hear and see (video, narrated slide show)
- We remember 70% of what we hear and say (talking together)
- We remember 90% of what we see, hear, say and do (hands-on).

Base Groups

The purpose of a Base Group is to make each student be an active part of the class.

Dividing the Class into Base Groups

After determining how many students you have, divide the class into groups of three (3). You may also end up with one or two groups of four (4).

Jobs for the Base Group

Each student in a base group must have a job.

Group Leader:

- Responsible for starting and stopping discussion;
- Initiates and helps keep the group on task;
- Watches the time;
- Assures that everyone is able to participate.
Recorder:

- Writes the response of each student as they address each question;
- Captures the basic ideas, essence;
- Doesn’t worry about spelling.

Spokesperson:

- Speaks for the group when called upon by the instructor.

Course Organization

Use the following outline to guide the “set up” of your course.

- **Instructor assignments**
  - Who will teach each portion of the class
  - Special invited instructors
    - Conservation Officer;
    - First aid or specialty instructors;
