Dear Wild Turkey Hunter:

It's time to begin planning for your 2012 spring wild turkey hunt. As in the past, the DNR will be offering clinics for turkey hunters. A \$5.00 fee is charged (unless otherwise stated). Although these clinics are not mandatory, we encourage and recommend that you attend one. Many people come every year to hear the latest updates on laws, regulations, and to get questions answered.

Expert hunters have stated that wild turkey hunting requires special skills different from deer and other types of hunting. These clinics have been organized by your Department of Natural Resources to provide you with an in-depth look at the wild turkey in Minnesota. The information learned at these clinics will assist you in becoming a safe and successful turkey hunter.

An up-to-date Turkey Hunters Handbook will be available, only to paid participants, at a clinic. This updated handbook has the latest information and now includes a section on archery hunting of turkeys and fall hunting of turkeys in Minnesota. There is no age restriction for attending a clinic.

1. The time and locations of the clinics can be found on the DNR website. Find the clinic that you are interested in attending and mark it on your calendar.
2. Fill out the REGISTRATION FORM COMPLETELY.
3. Contact the Instructor to verify space.
4. Print the Registration Form and bring with you to the clinic you plan on attending.
5. Also bring the \$5.00 fee (unless otherwise noted) – Some clinics might charge extra for incidental costs such as room rental. Make checks payable to: DNR-Advanced Hunter Education
6. More clinics may become available. Please check DNR web site for current turkey clinic listings at [www.dnr.state.mn.us](http://www.dnr.state.mn.us).
