

Red (Norway) Pine

Pinus resinosa

Notify Badoura Nursery at 218-652-2385 as you begin collecting and purchasing cones. Call if you have ANY questions.

- Cones are collectable September 15th.
- Ripe cones will turn from green to purple to brown.
- Cones should have no green color.
- Do not collect cones with insect bore holes or pitch oozing from the base.
- Don't collect cones that have begun opening.
- Cones should be kept cool and transferred to Badoura weekly.
- Sliced cones should have 4 or more good seeds per face.
- Ripe seed should be firm, not milky.
- Don't put more than 1 bushel of cones in a single burlap bag - THEY'RE HEAVY. We have plenty of bags, save your back.

The cones in this picture are too green for collection. Remember, cones should be purple to brown before collection.
