

# Black Walnut

*Juglans nigra*

- Walnuts ripen in late September to mid-October
- Husks turn brownish to black when ripe
- Wait for walnuts to fall to the ground before collection
- Collect promptly after nuts mature and fall, before squirrels get to them
- Do not store walnuts in gunny sacks
- Spread walnuts outdoors in small piles
- Collectors should deliver walnuts to buying stations weekly
- Walnuts should be free of sticks and debris

**Notify Badoura Nursery at 218-652-2385 as you begin collecting and purchasing walnuts. Call if you have ANY questions.**
