

"CAMPFIRE"
WILDFIRE PSA
:30
2004

CHILD: Please dad, let me roast just one more

DAD: Okay, but then we have to put the fire out and get to bed

ANNCR:

A camping trip just doesn't seem complete without a cozy fire.

But with the romance comes responsibility.

Keep a three-foot area around your campfire free from flammable materials, keep your fire small, and never leave it unattended.

Keep some water and a shovel handy to keep it under control.

And before you leave, please, make sure that campfire is out, dead out.

TAG:

Help Smokey Bear celebrate his 60th birthday.

Prevent Wildfires.

Brought to you by the Great Lakes Forest Fire Compact.
