Public Comment Form
Proposed Trail Revisions in Kabetogama State Forest

In order to adaptively manage the trail system within Kabetogama State Forest, the Department of Natural Resources is revising the trail management plan for the Forest. We invite your comments to better understand the current uses and what changes users would like to see. If you are commenting on a specific area, please include the location description as detailed as possible.

How do you use the Kabetogama State Forest trails? (Check all that apply)
