

ROUTE DESCRIPTION

NOTE: (R) and (L) represent right and left banks of the river when facing downstream.

RIVER MILE:

- 57.4 Pine Mountain Lake Dam. No established portage. Backus trailer access on east end of lake. Rest area and toilets.
- 57.4-46 Be alert for multiple box culverts, low culverts and dams in this area. Use caution, some may require portaging.
- 57.1 Highway 87 Culverts/Luce Line State Trail bridge. No established portage.
- 56.1 Highway 371 low culverts. No established portage.
- 55.3 (R) Enter Bowen Lake; Dam north end. No established portage. Trailer access south end.
- 54.9 Township Road low culverts. Use caution.
- 53.8 (L) Lind Lake trailer access.
- 50.2 County Road 42 box culverts. No established portage.
- 46.5 Enter Lake Hattie; Dam at east end. No established portage.
- 45.9 Lake Hattie Drive low bridge. No established portage.
- 44.9 (L) Confluence with Lizzie Creek.
- 44.8 Ding Pot Swamp. High grass, channel may be hard to find.
- 43.8 Powerline crossing.
- 41.7 Barclay Township Road 4. Low bridge, use caution, portage (R), 20 yards.

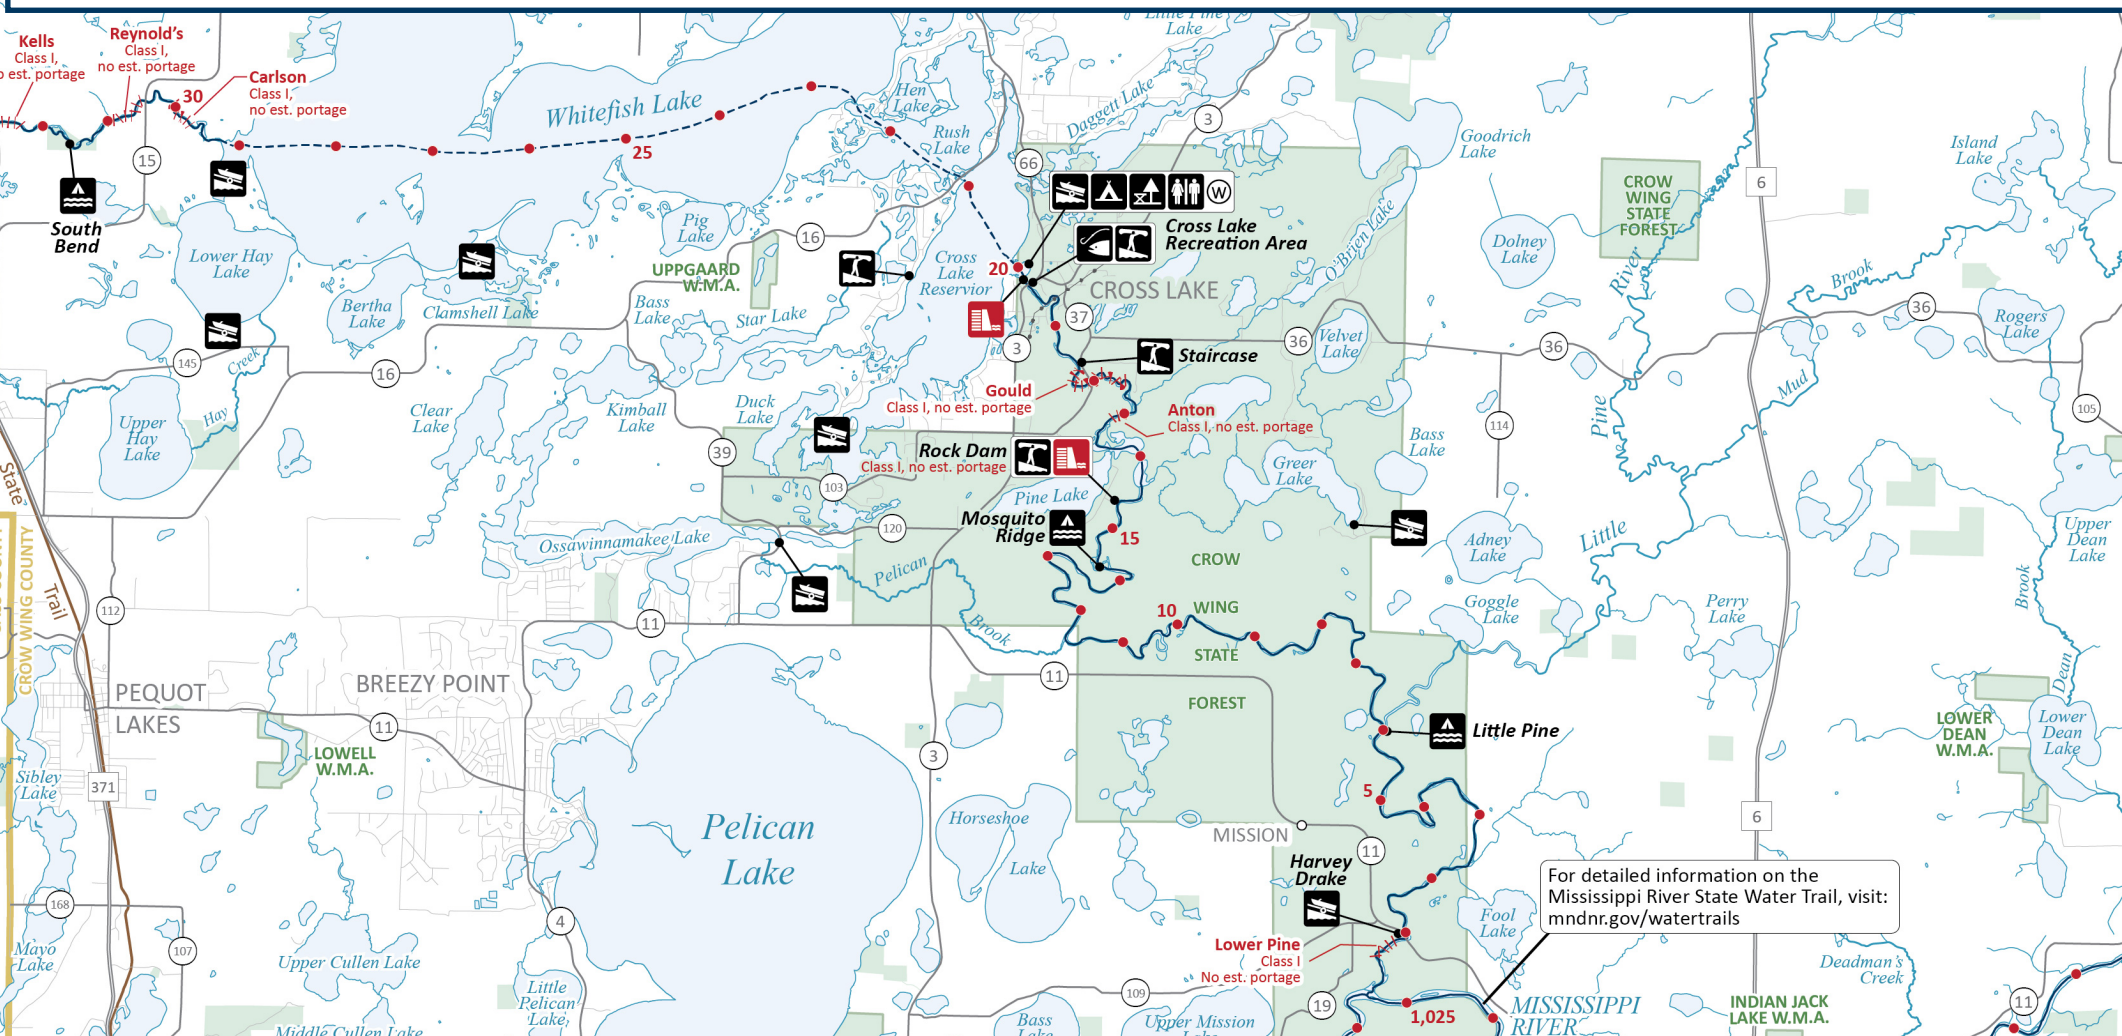

- 38.5 (R) Norway Lake South carry-in access. There is also a trailer access on the north side.
- 38.3 (R) #1 carry-in access and fishing pier. City of Pine River.
- 37.6 Former Dam Site. Class I, portage right, 20 yards. Short stretch of rapids
- 36.8 Highway 371/Luce Line State Trail bridge.
- 36.6-36.1 Gromek Rapids. Class I, no established portage.
- 35.7 (R) Confluence with the South Fork of the Pine River.
- 35.6 (L) Watercraft campsite
- 34.5 (L) Confluence with Arvig Creek. Highway 371/Luce Line State Trail bridge.
- 34-33.7 Hopper's Rapids. Class I, no established portage.
- 33.3 Hopper's bridge crossing. Low bridge, use caution, portage right, 20 yards.
- 32.5-32.2 Kell's Rapids. Class I, no portage. Old bridge pilings in river, use caution.
- 31.6 (R) South Bend watercraft campsite.
- 31-30.5 Reynold's Rapids. Class I, no established portage. County Road 15 bridge at mile 30.5.
- 30-29.7 Carlson Rapids. Class I, no established portage.
- 29.0 Beginning of the Whitefish Chain. Next 9 miles, large waves, heavy boat traffic. The best route is to follow the shoreline.
- 29.0 South Delta Bay Landing trailer access.
- 26.5 (R) Trailer access. South end of Clamshell Lake.
- 21.1 County Road 16 bridge.
- 19.9-8 Cross Lake Federal Recreation Area and Dam. U.S. Army Corps of Engineers, portage

- 19.7 Campground and trailer access. (Fee for overnight camping.)
- 19.5 Dam on SE corner of Cross Lake Reservoir.
- 18.5 (L) Carry-in and shorefishing just below the dam.
- 18.4-17.6 County Road 3 bridge.
- 18.0 Powerline crossing.
- 17.0-16.8 Staircase Landing carry-in access.
- 15.3 Gould Rapids. Class I, no established portage.
- 14.5 (R) County Road 36 bridge.
- 11.7 (R) Anton Rapids. Class I, no established portage.
- 6.0 (L) Rock riffles. Depending on water levels, portaging may be required. No established portage.
- 0.9 (R) Mosquito Ridge Watercraft Campsite.
- 0.9 Confluence with Pelican Brook.
- 0.8-0.5 Confluence with Little Pine River. Little Pine Watercraft Campsite.
- 0.0 Harvey Drake Landing trailer access.
- 0.0 County Road 11 bridge. River level gauge south end of bridge.
- 0.0 Lower Pine Rapids. Class I, no established portage.
- 0.0 Confluence with Mississippi River at river mile 1024.6. 20 river miles upstream of Brainerd.

PINE RIVER STATE WATER TRAIL

m MINNESOTA
STATE PARKS AND TRAILS

ABOUT THE WATER TRAIL

The Pine River State Water Trail flows through the jack pine forests and glacial lakes of west central Minnesota. With the exception of the city of Pine River and the Whitefish Chain of Lakes, you'll find little development along the river.

Water levels usually peak in mid to late May and fall during the summer. They often rise again in September with another peak in mid-October. The river is generally runnable below the Cross Lake Dam throughout the summer. The river ranges from 25 to 150 feet wide and is gravel-bottomed with occasional boulders.

Hazards include several dams that require portaging; see map for locations. North of river mile 46, paddlers should be alert for numerous box culverts and low culverts that may require portaging. The Pine River drops an average of 2.3 feet per mile from Norway Lake to the Mississippi River, with large drops at the Pine River and Cross Lake dams. Be aware that large waves may develop in the Whitefish Chain of Lakes during windy conditions or significant boat traffic. Use caution and follow the shores.

Be alert for box culverts and low culverts at the beginning of this water trail.

TRIP PLANNING AND SAFETY

- Plan your trip with a map before you leave. Tell someone your plans, including put-in and take-out times.
- Travel with a companion or group.
- Most people paddle 2-3 river miles per hour.
- River levels can affect your speed and trip safety. Check conditions at mndnr.gov/river_levels.
- Don't underestimate the power of wind and waves, especially on large lakes.
- Be cautious of obstacles in the river and avoid overhanging and dead trees.
- Bring clean drinking water and a waterproof container with a first aid kit, waterproof matches and extra clothes.
- Wear a life jacket at all times while on the water.
- Purchase a license for your non-motorized watercraft if it's more than 10 feet in length. If you're not from Minnesota, check your state's watercraft license laws.

WATERCRAFT CAMPING

- Camp only in designated campsites, which are often available on a first-come, first-served basis.
- Riverbed camping next to private property is not permitted.
- Stay off private property. Stop only at designated sites; much of the shoreland is private property.
- Be sanitary! Use designated toilet facilities or bury human waste away from the river.
- Follow the rules for firewood. State forests allow you to gather dead wood for a fire, but state parks do not.

RECOMMENDED DAY TRIP

Rock Dam to Harvey Drake Access

- Put-in location: Rock Dam Access (carry-in)
River mile **15.3**
- Take-out location: Harvey Drake Trailer Landing
River mile **0.9**
- Length: **14.4** river miles

This is one of the few routes without rapids on the Pine River. Begin below Rock Dam and paddle through the beautiful Crow Wing State Forest where white pines tower above the hardwoods. Plan for a full day on the river, or include an overnight stay at one of two watercraft campsites. Greer Lake Campground is also just a few miles from the river in the state forest.

EXPLORE ON SHORE

Crow Wing State Forest

At over 33,000 acres, this forest has plenty of trails and recreational opportunities to explore such as: camping, a beach, swimming, boating, fishing, hiking and hunting.
mndnr.gov/state_forests

Cross Lake Recreation Area

Part of the Whitefish Chain of Lakes, this U.S. Army Corps of Engineers recreation area offers camping, boating, swimming, picnicking, fishing and playground areas.

PROTECT THE RIVER

Your experience on the river depends on a healthy environment. As you explore the beauty of this waterway, also do your best to protect it.

Protect Your Waters

- Before launching...before leaving
- Clean off aquatic plants and animals.
 - Drain all water away from the landing.
 - Dispose of unwanted bait in the trash.

mndnr.gov/invasives/aquatic

Buffer Protection

The Minnesota buffer law establishes new vegetation buffers along rivers, streams and ditches to help filter out chemicals and sediment before they reach waterways.
