ABOUT THE PARK

Park trails wind through 1,700 acres of mixed evergreen, aspen and birch forests bordering Lake Superior. You can step along ancient lava flows eroded by water at the Upper, Middle and Lower Falls. The land has a history of drawing people. Early explorers met native residents, fishermen made their living from the lake, logging transformed the landscape in the early 1900s, and tourism expanded in the 1920s. In 1933, the state authorized the preservation of this area and soon the Civilian Conservation Corps (CCC) arrived to create Gooseberry Falls State Park. View the lasting legacy of these young men in the log and stone features they built here.

Snow blankets the Gooseberry River.

TRAIL HIGHLIGHTS

Lakeshore Loop

2-mile loop

Groomed classic ski trail • Easy

Travel this beginner-friendly loop from the visitor center, along the lakeshore, and past the Gooseberry River. Stop by the Lakeview Shelter and look over the confluence of the Gooseberry River and Lake Superior.

Interior Ski Trails

Varies

Groomed ski trail • More difficult • Moderate hills

Ski north from the visitor center to the Fifth Falls overlook. At the bridge, head west for a skate ski trail loop or travel east for a network of forested ski trails. This area offers plenty of wildlife viewing opportunities.

Fifth Falls Trail

2-mile loop

Snowshoe • Hiking • Hilly • Boardwalks

Travel this rugged path up the river to the Fifth Falls and back. Stop to look for caves or view CCC features.

Gitchi Gummi Hiking Trail

2.5-mile loop

Hilly • Boardwalks • Snowshoe • Hiking

Grab your snowshoes and experience incredible views of the Gooseberry River Valley and Lake Superior.

MORE TO EXPLORE AT THE PARK
