19825 PARK BOULEVARD
JORDAN, MN 55352
SCOTT COUNTY
651-259-5774

VISITOR TIPS

- Share the trail with other users. Bikes yield to horses and pedestrians. Pedestrians yield to horses. **NOTE:** No horses or snowmobiles are allowed on the eastern segment.
- Check for ticks after your hike.
- Watch out for wild parsnip plants.
- In the winter, snowmobiles must be registered or have a snowmobile state trail sticker to use the state trail. For more information on snowmobiling opportunities, visit mndnr.gov/snowmobile
- In an emergency call 911.
- Non-emergency sheriff's number: 952-445-1411.

ONLY HAVE AN HOUR?

- Bring your GPS and search for a hidden geocache.
- Hike the Hiking Club Trail to find the hidden password.
- Pack a picnic breakfast, lunch or dinner and enjoy the quiet sounds.
- Watch for wildlife like river otters, beavers, deer and birds.
- Bike the new River Bottoms segment.

ABOUT THE RECREATION AREA

The Minnesota Valley State Recreation was created in 1994 when several existing trails, and the land around them, were combined. Today, it protects 5,490 acres of diverse plant and wildlife communities. It also offers equally diverse recreation like hiking, biking, bird watching, horseback riding, snowmobiling and more.

Enjoy historic sites like the
Strait House in the Lawrence Unit.

Look for evidence of the area's past during your visit. Ten thousand years ago, Glacial River Warren carved the Minnesota River Valley. It then retreated, leaving behind this broad valley and a much smaller stream.

TRAIL HIGHLIGHTS

Hiking

Hike the Minnesota Valley State Trail or walk miles of mowed trails around prairies and wetlands in the **Lawrence Unit** of the recreation area. For even more hiking, visit the recreation area's waysides:

- **Carver Rapids/Louisville Swamp** offers parking and merges the Minnesota DNR trails with the United States Fish and Wildlife trails.
- **Gifford/Nyssen Lake** combines hiking and fishing all in one location. Hike the Minnesota Valley State Trail or fish the Minnesota River or Gifford Lake.
- **Shakopee** hosts a long stretch of the Minnesota Valley State Trail and has many connecting trails for additional mileage. Park at Memorial or Huber parks in downtown Shakopee.

Biking

The trails wind between serene river views and urban settings in the Recreation Area and State Trail, totaling 32.8 miles. From Belle Plaine to Chaska, nearly 20 miles, the trail is unpaved and best experienced by those comfortable going off road. There are also two segments of paved trail. The first segment starts in the Gifford Unit, just south of Chaska off Highway 41. This segment stretches nearly 10 miles to Crest Ave. near Highway 101 in Shakopee.

The trail travels closely along the Minnesota River and may be prone to flooding.
(photo from Gifford Unit)

The second, shorter segment, is completely paved and begins at the Minnesota River Bottoms public water access parking lot off Lyndale Ave., following the Minnesota River to Cedar Ave. This segment totals 3.5 miles and connects to other trail opportunities including Dakota County Regional Trails on the other side of the river or continue to the National Wildlife Refuge lands on a gravel trail. Parking and access can also be found for this segment off Old Cedar Ave.

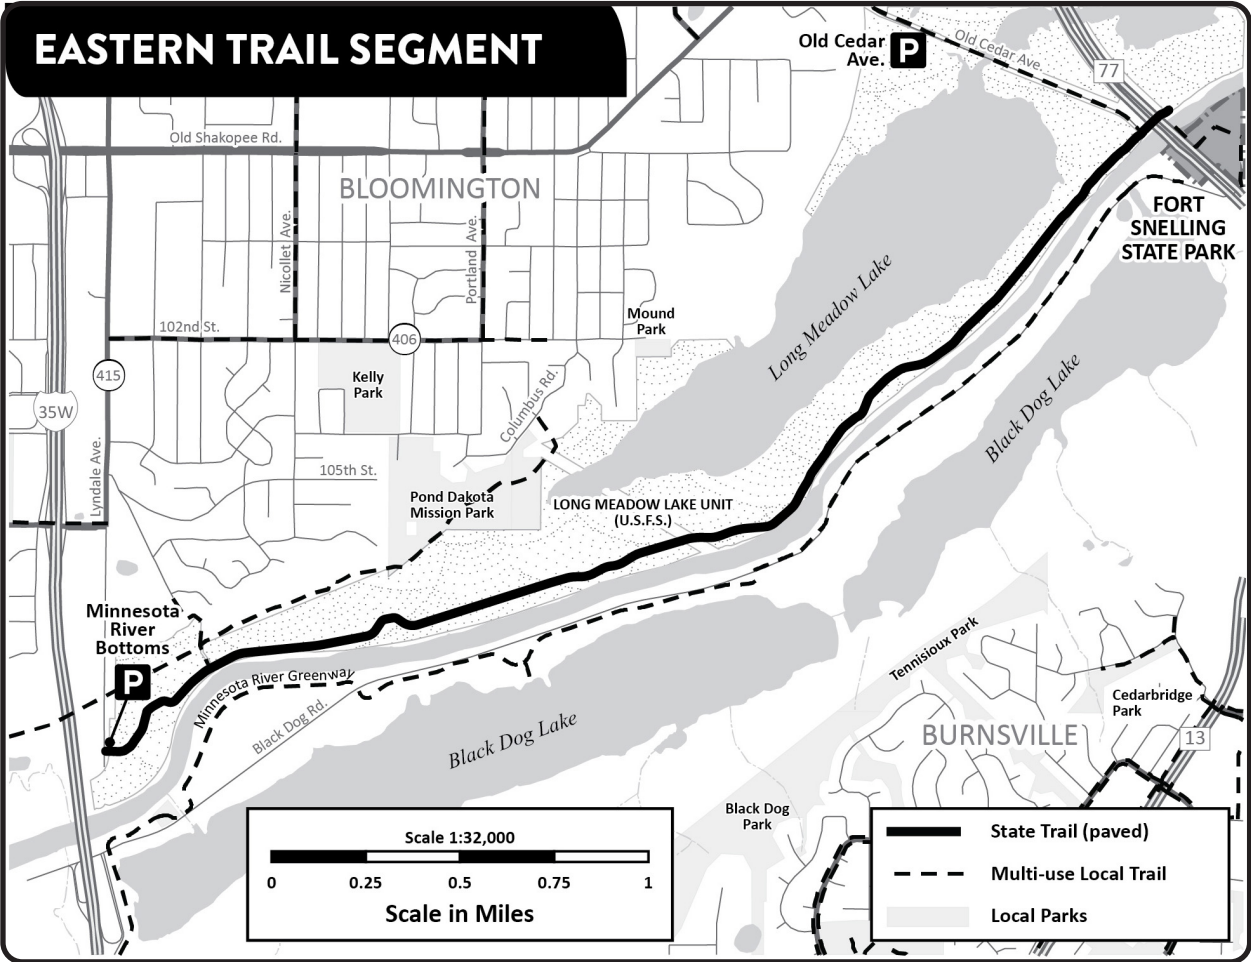

Horseback Riding

Purchase a horse permit at the self-registration kiosk and you and your horse can travel trail from Belle Plaine to Chaska. The terrain varies from flat to gradual inclines. Expect hills in the Lawrence and Carver Rapids units. An equestrian campground in the recreation area offers the chance for a longer trip. The Minnesota Valley State Trail is typically closed to horseback riders December 1 – May 15.

Trail Conditions

The Minnesota River may flood when large amounts of rain enter the watershed. Be sure to check the DNR website for closures before you visit. The following trail segments are often wet and muddy, so bring proper footwear: west of the Thompson Ferry Unit parking area, west of the Carver Rapids Unit Parking area, east of the Chaska Parking area, and many sections in the Lawrence Unit.

EASTERN TRAIL SEGMENT

SO EVERYONE CAN ENJOY...

A full set of STATE PARK RULES AND REGULATIONS is available at mndnr.gov.

RECREATION AREA OPEN

8 a.m.–10 p.m. daily.

VEHICLE PERMITS
