Shooting Star State Trail

Mower County

The Shooting Star State Trail begins in the city of LeRoy in Mower County, and travels north through Lake Louise State Park. It then heads west towards Taopi, and continues to the city of Rose Creek, allowing trail users to experience a rural landscape. The trail passes by several additional interpretive/recreational opportunities, including Rustic Retreat Wildlife Management Area, Shooting Star Prairie Scientific and Natural Area, Taopi Prairie Interpretive Area, and Mower County Natural and Scenic Area.

When completed, the Shooting Star State Trail will connect the towns of LeRoy, Taopi, Adams, Rose Creek, Austin and Lyle. Current paved portion of the trail from LeRoy to Rose Creek totals almost 20 miles.

Portions of the trail parallel MN Highway 56, also known as the Shooting Star Wildflower and Historic Route Scenic Byway. The native wildflowers and grasses are a highlight of this trail.
