 Find	1. Unique native species.	Wed, 1/2/08 5:37 AM
 Find	2. Various things can be learned about the area: Year round climate Native species How animals handle the weather How had industrialization impacted the area Where there any trade routes in the area?	Tue, 1/1/08 11:20 PM
 Find	3. History,nature	Tue, 1/1/08 11:01 PM
 Find	4. what animals live in it and how. the types of vegetation the natural herbs of historical harvest by the natives prior to white cultural influence	Tue, 1/1/08 6:19 PM
 Find	5. How old the forest is, how did Vermilion become what it is today. What people were like back in the 17 and 18 hundreds that lived in the area.	Tue, 1/1/08 1:14 PM
 Find	6. How safe it is, how long to get there, any fish there, about the mining and current mineral resources (PGM).	Tue, 1/1/08 1:10 PM
 Find	7. About the pre-European settlers adn about the mining history.	Tue, 1/1/08 12:40 PM
 Find	8. The history and culture and the elements of nature in the park.	Tue, 1/1/08 10:59 AM
 Find	9. historical significance in development of industry etc	Tue, 1/1/08 9:29 AM
 Find	10. early native culture, pioneer settlement and logging history, iron ore mining	Tue, 1/1/08 12:01 AM
 Find	11. How the lake was created, the environmental concerns of the lake, water quality & usage, history of mining, the history of the land itself, the history of the people in the area including the American Indians, Voyaguers, Immigrants.... Information about how the land was damaged by logging years ago.	Mon, 12/31/07 11:25 PM
 Find	12. history and natural wonders.	Mon, 12/31/07 10:34 PM
 Find	13. how iron range started, indian history	Mon, 12/31/07 9:12 PM
 Find	14. Culture, history, and development to what is is now.	Mon, 12/31/07 7:35 PM
 Find	15. The natural life of the boreal-upland hardwood environment, human history in the area.	Mon, 12/31/07 6:58 PM
 Find	16. How the lanscape became what it is today. Satelite views of the area over time.	Mon, 12/31/07 5:17 PM
 Find	17. Its ecology and complex history.	Mon, 12/31/07 4:24 PM
 Find	18. History would be a big thing. A lot of people like to see what the Park future goals are. How the land can be used, but kept natural.	Mon, 12/31/07 4:19 PM
 Find	19. What makes it unique and different from other parks	Mon, 12/31/07 3:59 PM
 Find	20. History, impact of mining and tourism. Nature and natural features.	Mon, 12/31/07 3:48 PM
 Find	21. The flora and fauna.	Mon, 12/31/07 3:24 PM
 Find	22. Historical - geographics, immigration from other countries, mines, logging, what animals inhabit the area. How the area has changed and how to prevent further damage from mankind.	Mon, 12/31/07 3:21 PM
 Find	23. The places they can paddle to, the places they can fish, the things they can do in wild places.	Mon, 12/31/07 3:19 PM
 Find	24. history of the land - the french traders and the native people. canoe routes. flora and fauna.`	Mon, 12/31/07 2:34 PM

 Find	25. People may want to learn about the history and the current features of the area.	Mon, 12/31/07 12:49 PM
 Find	26. The history of the BWCA and the mining era that continues today	Mon, 12/31/07 12:02 PM
 Find	27. All about the great fishing, logging, and mining.	Mon, 12/31/07 12:01 PM
 Find	28. Its significance to Native peoples, the fur trade, timber harvest, and iron mining	Mon, 12/31/07 11:52 AM
 Find	29. Geology, fishery and wildlife resource, history.	Mon, 12/31/07 10:37 AM
 Find	30. The rich logging and mining history, and strong ethnic backgrounds of the original miners and loggers.	Mon, 12/31/07 10:15 AM
 Find	31. The people	Mon, 12/31/07 9:58 AM
 Find	32. Nothing. They want to forget about where they came from and get "lost".	Mon, 12/31/07 8:57 AM
 Find	33. The history, the reason it was preserved, its importance in protecting the area and the fact the state could save it for the public from development.	Mon, 12/31/07 6:00 AM
 Find	34. Because climate change has become such an important global ecological issue, people will want to follow whether the park's ecology is or is not affected. Since Lake Vermillion is situated near the boundaries of three biomes, some ecological changes will be readily apparent as biome edges shift. Involve state schools and universities in educational and ecological research projects that will involve and inform the public of the effects of climate change. The information could be a resource for developing state policy concerning global warming. A park could play an important role in education and public involvement by monitoring key environmental indicators of climate change. The area already has an important research facility for experimental physics in the nearby Soudan mine. Ecological monitoring could also be used to facilitate adaptive management practices for the park RK	Sun, 12/30/07 9:52 PM
 Find	35. History of the Iron Range, the mining industry, education on the plants & wildlife & trees	Sun, 12/30/07 9:40 PM
 Find	36. Flora and fauna.	Sun, 12/30/07 12:25 PM
 Find	37. Wolves, how they survive, travel, social packs, etc. History, especially the native american way of life and how important the natural environment is to these people.	Sun, 12/30/07 10:44 AM
 Find	38. natural and human history	Sat, 12/29/07 10:57 PM
 Find	39. mining, natural resources	Sat, 12/29/07 10:50 PM
 Find	40. History and primitive camping	Sat, 12/29/07 8:16 PM
 Find	41. forest, animals, fish,	Sat, 12/29/07 4:56 PM
 Find	42. They want to know the histroy, back before Europeans settled right through the present. They will want to know the names of trees, animals ect. And they would like to learn how to fish walleyes and muskies.	Sat, 12/29/07 4:05 PM
 Find	43. Ntural aspects, mining, history of the native people, fur traders, mining, etc.	Sat, 12/29/07 2:02 PM
 Find	44. American Indian history and stories. History of mining, logging and recreation in the area as well as ethnic history--who are these people anyway?	Sat, 12/29/07 1:06 PM
 Find	45. The beauty of the area.	Sat, 12/29/07 11:26 AM
 Find	46. a/History of mining, logging, fur trade voyageurs, gold seekers, immigration of mine workers from Europe b/purpose of Neutrino project in Soudan mine	Sat, 12/29/07 11:11 AM
 Find	47. history of the lake and the area, services and attractions available in the area, fishing advice	Sat, 12/29/07 10:55 AM

 Find	48. Voyagers, wolfs, bears, moose and the rootbeer lady all combined together with blueberries and canoeing-joe seegala	Sat, 12/29/07 7:33 AM
 Find	49. Mining history.	Sat, 12/29/07 7:33 AM
 Find	50. The basics on what the area has to offer-camping, fishing, water skiing, cross country skiin, hiking etc.	Sat, 12/29/07 7:27 AM
 Find	51. The history of the area and what the Iron Range is all about	Fri, 12/28/07 9:10 PM
 Find	52. History, natural attractions	Fri, 12/28/07 8:44 PM
 Find	53. wildlife, scienic	Fri, 12/28/07 8:36 PM
 Find	54. Soudan Mine is fascinating, the history of the Boundary Waters, the cultural history (mining, who lived there throughout time).	Fri, 12/28/07 2:57 PM
 Find	55. Past history of the area, layout of the land, natural resources available, wildlife/floral, and events planned.	Fri, 12/28/07 2:28 PM
 Find	56. The fishing resource, the wildlife in the area and the mining history would be the main areas of interest.	Fri, 12/28/07 1:57 PM
 Find	57. History of the lake and indigenous people.	Fri, 12/28/07 11:18 AM
 Find	58. How is came to be.	Fri, 12/28/07 11:15 AM
 Find	59. History and the ecology.	Fri, 12/28/07 10:41 AM
 Find	60. Local plant and wildlife.	Fri, 12/28/07 10:23 AM
 Find	61. it's early people. it's critters - past & present. it's potential - the mineral exploration ongoing today.	Fri, 12/28/07 9:52 AM
 Find	62. voyageur history, mining history, natural history.	Fri, 12/28/07 9:24 AM
 Find	63. its rich history of lake use and land land use around the lake	Fri, 12/28/07 7:24 AM
 Find	64. The history of the area's people, and the development of the land.	Thu, 12/27/07 9:55 PM
 Find	65. can't they just enjoy it?	Thu, 12/27/07 9:00 PM
 Find	66. about the fauna and flora about how industries like mining and logging harvest the natural resources and how does the area keep in balance with	Thu, 12/27/07 8:26 PM
 Find	67. history	Thu, 12/27/07 5:49 PM
 Find	68. Local attractions outside the park. How land formations were created.	Thu, 12/27/07 5:07 PM
 Find	69. History of the area, as well as access to local flora and fauna.	Thu, 12/27/07 2:03 PM
 Find	70. I think this would be a great opportunity to blend together the forestry, mining, fishery and history of the area and what Northern Minnesota is so appreciated for already and make these things shine more.	Thu, 12/27/07 12:41 PM
 Find	71. Displays about the history and culture of the area could lead visitors to visit local businesses and use local services.	Thu, 12/27/07 12:22 PM
 Find	72. History and nature	Thu, 12/27/07 12:21 PM
 Find	73. The Soudan Mines the Boundary Waters, the lake history	Thu, 12/27/07 11:29 AM
 Find	74. not sure what ther is to offer. History of people and history of the glaciers	Thu, 12/27/07 10:53 AM
 Find	75. I want to learn and experience the natural outdoors--not commercialism	Thu, 12/27/07 10:28 AM
 Find	76. Historical occurances and sites, wildlife sanctuaries, flora details, local craftsman	Thu, 12/27/07 9:12 AM

 Find	77. The rich history of the iron ore mining is very interesting.	Thu, 12/27/07 8:12 AM
 Find	78. They want to see nature.. that is why I go to the parks.	Thu, 12/27/07 2:31 AM
 Find	79. There are international visitors who want to see the Mille Lacs Museum. There also international groups that want to play paint ball so you pick. I imagine the geology, tribal history, fur trader history, where to see and photograph wild life, how to eat off the land (that would require a no gathering rule exemption)	Wed, 12/26/07 10:23 PM
 Find	80. My kids love to learn about the animals, rocks and geography of the area	Wed, 12/26/07 9:04 PM
 Find	81. geology & history	Wed, 12/26/07 7:45 PM
 Find	82. History.	Wed, 12/26/07 6:43 PM
 Find	83. Most people will want to learn about the wildlife.	Wed, 12/26/07 6:41 PM
 Find	84. mines, animals, heritage of the people, the land/ water	Wed, 12/26/07 5:49 PM
 Find	85. What trees are, what Renewable cycles are, how to identify things and their uses mineral and vegetable.	Wed, 12/26/07 4:44 PM
 Find	86. Learn about natural features and history	Wed, 12/26/07 4:28 PM
 Find	87. Some sense of nature. This is sadly missing in society today.	Wed, 12/26/07 2:38 PM
 Find	88. How did this proposal come up when the state was against new parks? What were the sequence of events and communications?	Wed, 12/26/07 2:19 PM
 Find	89. Canadian Shield education	Wed, 12/26/07 11:44 AM
 Find	90. wildlife and plants	Wed, 12/26/07 11:36 AM
 Find	91. The history of logging and mining and what the locals did in the past for "fun".	Wed, 12/26/07 10:52 AM
 Find	92. history and nature	Wed, 12/26/07 10:45 AM
 Find	93. The facts about the Lake. The fishing opportunities. The unlimited water and land recreation. The past mining experience and programs for the future that involve the park area and region.	Wed, 12/26/07 10:18 AM
 Find	94. History, Geology, and the lake	Wed, 12/26/07 9:15 AM
 Find	95. History and nature.	Wed, 12/26/07 9:04 AM
 Find	96. History of mining/steel role in the state development	Wed, 12/26/07 8:29 AM
 Find	97. The history-sure. The Tower Sudan mine tour is fun - about boreal forests perhaps -	Tue, 12/25/07 11:16 AM
 Find	98. History of the development from the earliest of visitors to now. I think they will want to learn about the wilderness and the environment.	Tue, 12/25/07 6:46 AM
 Find	99. HISTORY AND NATIVE PLANTS AND ANIMALS	Mon, 12/24/07 7:55 PM
 Find	100. the usual ways, but for younger folks, the web. Make a great, GREAT, efforts to really dig into the past and post "volumes" of information on the web about the past life of these lands...people will read up on it...add clips fo older people talking about the land, add clips of mining, lumbering, fishing, farming,	Mon, 12/24/07 12:25 PM
 Find	101. Its pre-European history as well as the later lumber/mining history. Its historic and current wildlife and their ecology.	Mon, 12/24/07 12:24 PM
 Find	102. that this is one place that big business cannot destroy	Mon, 12/24/07 9:27 AM
 Find	103. History of the people, geology, logging	Mon, 12/24/07 9:24 AM

 Find	104. geology, human users of the area	Mon, 12/24/07 7:50 AM
 Find	105. They can find out everything they "need to know" on line.	Sun, 12/23/07 9:40 PM
 Find	106. Fish populations and types, indigenous history, settler history, large predator history (if applicable), geology of park and	Sun, 12/23/07 8:40 PM
 Find	107. It's history.	Sun, 12/23/07 7:02 PM
 Find	108. How the early settlers survived here. The diversity of the forest areas. Formation of lakes and the wildlife here.	Sun, 12/23/07 3:55 PM
 Find	109. Please see my previous comments about early visitors to the areas, etc.	Sun, 12/23/07 11:07 AM
 Find	110. history, native species, development plans, etc.	Sun, 12/23/07 10:57 AM
 Find	111. Where the fish are biting and where to buy minnows and beer.	Sun, 12/23/07 10:55 AM
 Find	112. How different it is from all the other lakes in Minnesota that have been developed so much that all thats on them is buildings and crowding in.	Sun, 12/23/07 10:52 AM
 Find	113. how important it is to have access to it, enjoy it and keep it natural.	Sun, 12/23/07 10:13 AM
 Find	114. mining	Sun, 12/23/07 9:37 AM
 Find	115. About the mining	Sun, 12/23/07 8:57 AM
 Find	116. History. Archelological sites are very interisting. Love the history at Kathio.	Sun, 12/23/07 1:06 AM
 Find	117. History: Voyageurs, Native Americans, Early settlers. Geology, local animals and facts about them	Sat, 12/22/07 11:31 PM
 Find	118. Thye will want to learn about the natural ecology.	Sat, 12/22/07 4:47 PM
 Find	119. History of logging, indigenous peoples, European immigrants, mining, glacier activities.	Sat, 12/22/07 2:10 PM
 Find	120. Mining culture, Lake vermillion, Finnish culture, Native American Culture, University of Minneosta Physics Lab, wildlife including the National Wolf Center and proposed Bear Center. (Save Solo):-)	Sat, 12/22/07 12:25 PM
 Find	121. Any history	Sat, 12/22/07 10:58 AM
 Find	122. Mines, Voyageurs, logging, and Native American history. The geology, landscape, and plant and animal life. Maybe some things about some famous people from the area: e.g. Sigurd Olson, Jack Pine Bob, etc. Refer them to their books.	Sat, 12/22/07 10:55 AM
 Find	123. Trapping, logging, mining, fishing, hiking, canoeing and hunting. Tie in BWCA and native american history and wolves.	Sat, 12/22/07 6:25 AM
 Find	124. everything.. books are great!	Fri, 12/21/07 11:40 PM
 Find	125. Native American history, voyageures, etc.	Fri, 12/21/07 9:06 PM
 Find	126. its history including lumbering, mining, fishing	Fri, 12/21/07 8:43 PM
 Find	127. HOW PEOPLE SURVIVED IN THE WINTER, WHAT THEY DID FOR WORK.	Fri, 12/21/07 7:28 PM
 Find	128. History and Heritage. Wildlife is always an attraction. Lake information.	Fri, 12/21/07 6:36 PM
 Find	129. History, nature, ecology	Fri, 12/21/07 5:58 PM
 Find	130. It's beauty, history, and sight seeing opportunities	Fri, 12/21/07 5:16 PM
 Find	131. NATURE, AS ALWAYS	Fri, 12/21/07 5:09 PM
 Find	132. minimg and lumbering history	Fri, 12/21/07 4:51 PM

 Find	133. mining/logging history and ecology of the the north woods	Fri, 12/21/07 3:54 PM
 Find	134. Mining history	Fri, 12/21/07 2:20 PM
 Find	135. logging, mining, tourism,	Fri, 12/21/07 1:36 PM
 Find	136. Geology, ecology.	Fri, 12/21/07 1:09 PM
 Find	137. Anything that you can tell them they wouldn't already know. People barely know American History on a national scale, so to tell them of the history of the land in which the park resides would be vital.	Fri, 12/21/07 1:06 PM
 Find	138. How deep breathing in natural pine scent through your nose is a cleansing and calming experience.	Fri, 12/21/07 11:36 AM
 Find	139. Shield lakes,	Fri, 12/21/07 9:59 AM
 Find	140. history of native americans, voyageurs, loggers, miners, early vacationland	Fri, 12/21/07 9:30 AM
 Find	141. The history.	Fri, 12/21/07 9:08 AM
 Find	142. History of the mining and logging idustries and possible the effects the forest fires have had on the economy and the people.	Fri, 12/21/07 8:13 AM
 Find	143. Geology Lake Ecology Animals & Plants unique to the area History of the land (people)	Thu, 12/20/07 3:23 PM
 Find	144. History of settlers, lake travel, railroad development, lumbering, mining and fishing, Indian contributions	Thu, 12/20/07 2:50 PM
 Find	145. The history both geologically and modern. How has the land changed? In the future the story can be how the park was created.	Thu, 12/20/07 2:47 PM
 Find	146. Geology, and history of the area such as early settlers, fur traders, etc.	Thu, 12/20/07 1:37 PM
 Find	147. What led immigrants here. The role the area played in state & national arenas.	Thu, 12/20/07 10:09 AM
 Find	148. Learning about the history of the lake, its human inhabitants both historically and recently as well as the wildlife in the area.	Thu, 12/20/07 8:56 AM
 Find	149. History of the underground mine at Soudan, traping, native americans, local folklore	Wed, 12/19/07 8:25 PM
 Find	150. The ethnic background of the residency	Wed, 12/19/07 6:50 PM
 Find	151. Much --but that does not require a major land acquisition.	Wed, 12/19/07 5:49 PM
 Find	152. History of the area. Mining history. Voyageur history. Logging and Forestry history. Natural features of the area. Cultural history. What different groups have lived in this area over time. What is the economic history of the region. What is the recreational history of the area. The economic ties between natural resources, outdoor recreation and the local economy. How that relationship works.	Wed, 12/19/07 3:27 PM
 Find	153. What was the role of Native Americans in the area. What was the "logging era" like. What was the "mining era" like. What was it like here during the depression with so much CCC activity.	Wed, 12/19/07 2:34 PM
 Find	154. forest types-local history-mining-	Wed, 12/19/07 12:53 PM
 Find	155. Wildlife and Indian heritage.	Wed, 12/19/07 12:43 PM
 Find	156. logging from the past.. Use a focus group using school children not from the area to test learning ideas.	Wed, 12/19/07 12:41 PM
 Find	157. the history of the lake and surrounding area. settlers, indian lore etc	Wed, 12/19/07 12:11 PM
 Find	158. History of the settling of the area along with the native American culture, the mining industry.	Wed, 12/19/07 11:30 AM

 Find	159. I think the water is the highlight---the Lake is incredible and they will want to get out there. People will want to explore---where can they go?	Wed, 12/19/07 10:39 AM
 Find	160. Why is it a state park, what are its unique characteristics, what can it provide to me.	Wed, 12/19/07 10:32 AM
 Find	161. Historic natural and man interacted uses and history.	Wed, 12/19/07 9:55 AM
 Find	162. The mining history. The American Indian history for that area of Minnesota. The native plants and animals.	Wed, 12/19/07 9:51 AM
 Find	163. The local history of the indians and or trappers of the 19th century.	Wed, 12/19/07 9:29 AM
 Find	164. What Minnesota used to look like compared to what it looks like today.	Wed, 12/19/07 9:25 AM
 Find	165. Ecology, history, geology	Wed, 12/19/07 8:49 AM
 Find	166. History from a native american perspective, eastern explorer/furtrader perspective, and I also think it would be interesting to see how it was viewed and used by its previous owner as a natural resource.	Wed, 12/19/07 8:24 AM
 Find	167. forest, native american and fur trade. the process of becoming the next park	Wed, 12/19/07 7:50 AM
 Find	168. Definitely historical aspects such as Native Americans, mining, logging, what our ancestors did before us.	Wed, 12/19/07 7:08 AM
 Find	169. Why it looks like it does and what the importance of the plants and wildlife in the area are. What happened there thousands of years ago to create the lakes and rock formations? What people and or civilizations were there before us? What type of wildlife roamed the area before the settlers arrived?	Tue, 12/18/07 10:16 PM
 Find	170. History, natural flora and fauna, geological formation	Tue, 12/18/07 9:58 PM
 Find	171. Water quality, sites.	Tue, 12/18/07 7:54 PM
 Find	172. It's geology is unique, the history of it's settlers, where they came from etc, how they lived everyday.	Tue, 12/18/07 7:46 PM
 Find	173. Senic beauty	Tue, 12/18/07 6:49 PM
 Find	174. How great it is someone was foreward thinking enough to put this land aside for generations of all people to come visit before its all private land.	Tue, 12/18/07 6:11 PM
 Find	175. The history of the mining business.	Tue, 12/18/07 6:08 PM
 Find	176. Everyone is different, I would assume they would want to know what early inhabitants did to survive.	Tue, 12/18/07 5:51 PM
 Find	177. Mining history and heritage of area.	Mon, 12/17/07 4:45 PM
 Find	178. Canadian Shield - what it is. Iron mining past (tied into Soudan Park). Unique natural features.	Mon, 12/17/07 1:09 PM
 Find	179. Nothing	Mon, 12/17/07 12:19 PM
 Find	180. Lake Vermillion history	Mon, 12/17/07 12:17 PM
 Find	181. Flora and fauna. Forest history. Forest ecology.	Mon, 12/17/07 11:29 AM
 Find	182. History of mining, fishing.	Mon, 12/17/07 8:55 AM
 Find	183. history of mining, timber industry, fur/trapping industry, Indian history.	Sun, 12/16/07 8:20 PM
 Find	184. Mining	Sun, 12/16/07 6:31 PM
 Find	185. History: minning, logging, lake, how the native people used the area	Sun, 12/16/07 6:11 PM

 Find	186. how their for-fathers lived and supported their families	Sun, 12/16/07 4:29 PM
 Find	187. geologic info.	Sun, 12/16/07 2:58 PM
 Find	188. ABOUT THE FLORA AND FAUNA. MINING HISTORY.	Sun, 12/16/07 1:54 PM
 Find	189. Natural features (glacial history, geology, flora and fauna) should be the prime focus of education. Also, the human history (from paleo-indians to present) should be included.	Sun, 12/16/07 12:08 PM
 Find	190. The nature and wildlife and geological features	Sun, 12/16/07 11:26 AM
 Find	191. History of the American Indian, mining history. Early settlers and the logging and trapping industry.	Sun, 12/16/07 10:17 AM
 Find	192. Its beauty,history,good people and natural resources	Sun, 12/16/07 1:28 AM
 Find	193. The history. How people live. Being in one of the coldest parts of the state.	Sat, 12/15/07 4:55 PM
 Find	194. Learn about nature, bird, fishing, forest.	Sat, 12/15/07 12:28 PM
 Find	195. natural history, logging and mining industry, local history.	Sat, 12/15/07 10:33 AM
 Find	196. history and natural science	Fri, 12/14/07 4:04 PM
 Find	197. 1. This could be good. I'd be interested in the cultural history of the area, and the natural history of the area.	Fri, 12/14/07 8:25 AM
 Find	198. Historical significance, geological significance.	Thu, 12/13/07 8:12 PM
 Find	199. Its history, geology, and natural qualities Where to catch fish on Lake vermillion	Thu, 12/13/07 5:23 PM
 Find	200. the fishing and natural history; glaciers carving out 365 islands on the lake; the mines what minerals are found underground in the area	Thu, 12/13/07 3:09 PM
 Find	201. We enjoyed learning about the mining tradition and the mine itself. Continue the state park systems already good policy of including native American history, geology and wildlife history.	Thu, 12/13/07 12:03 PM
 Find	202. How climate change and thoughtless, greedy overdevelopment is rapidly doing away with natural beauty such as that found in this park.	Thu, 12/13/07 9:58 AM
 Find	203. The past history and culture. Present and future planning.	Thu, 12/13/07 9:49 AM
 Find	204. There are not many parks and interpretive facilities in this region of the state. The natural story (geologic, vegetation evolution, stresses, etc.) of northern Minnesota should be told along with historical use of the area.	Thu, 12/13/07 8:59 AM
 Find	205. how the lake and its area was formed. wildlife that live in the area. historical activities of past generations. fishing history	Wed, 12/12/07 9:15 PM
 Find	206. The lake has it's own history, as well as the logging and mining history. Natural beauty is attractive.	Wed, 12/12/07 9:05 PM
 Find	207. typical facts on the above topics are nice. Fishing and hunting history/opprtunities in the area would also be nice.	Wed, 12/12/07 8:50 PM
 Find	208. Its history and its unique ecosystem.	Wed, 12/12/07 7:40 PM
 Find	209. People will want to learn how this area looked before it was settled and how it was used for the last 150 years.	Wed, 12/12/07 6:43 PM
 Find	210. Wolves.	Wed, 12/12/07 6:14 PM
 Find	211. origin geologically. Past inhabitants. Impact the areas resources had on rest of country.	Wed, 12/12/07 3:12 PM
 Find	212. none	Wed, 12/12/07 3:08 PM

 Find	213. Northern Minnesota is unique because it has a balance of nature more than anywhere else in the USA. By this I mean natural predation. Because we have wolves, there will be no need for hunting to control populations. Then prey species will not see humans as predators, and visitors will be able to observe animals better than any other park where hunting seasons are necessary.	Wed, 12/12/07 2:36 PM
 Find	214. The past, present, and future of the region.	Wed, 12/12/07 1:43 PM
 Find	215. The mining and logging history. Native American history/culture.	Tue, 12/11/07 10:16 PM
 Find	216. History of the lake and its inhabitants Types of wildlife present	Tue, 12/11/07 8:25 PM
 Find	217. History, geology, wildlife, ecology, botany, dendrology, logging.	Tue, 12/11/07 4:02 PM
 Find	218. The Natural Geoplogy of the area as will has history.	Tue, 12/11/07 11:59 AM
 Find	219. The settlers, natives, and history of mining.	Tue, 12/11/07 11:57 AM
 Find	220. Public funds should not be used for this park. There are already many areas of access to the lake and also boundary waters portages nearby.	Sat, 12/8/07 7:05 AM
 Find	221. FULLY FUND **ALL OTHER** MINNESOTA STATE PARKS FIRST. THEN ACQUIRE THIS LAND AS AN UNDEVELOPED FOREST. DEVELOP INTO A STATE PARK AT A LATER DATE WHEN THE REPUBLICAN RECESSION AND REPUBLICAN BUDGET DEFICIT IS CORRECTED. NO MOTORIZED VEHICLES.	Wed, 12/5/07 12:12 PM
 Find	222. The native americans, and settlers who arrived later	Tue, 12/4/07 2:47 PM
 Find	223. The history of the area is the most interesting. Most specifically Native American and Early European history.	Mon, 11/26/07 12:43 PM
 Find	224. The steel operations, from start to stop.... Geological. Any Indian use of the land.	Wed, 11/14/07 12:47 AM
 Find	225. The history of the fur traders, settlers of the area and the native am. history.	Fri, 11/9/07 9:28 AM
 Find	226. history, Native American culture, mining	Thu, 11/8/07 6:40 PM
 Find	227. I run the Lake Vermilion Chamber of Commerce website. My numbers show they #1 look for area attractions #2 Resorts #3 bar/restrauants #4 Marinas #5 services #6 campgrounds #7 hotels/motels #8 boat rentals #9 casino #10 construction (sample of 5279 visitors between July and Nov 2007 from www.lakevermilionchamber.com	Wed, 11/7/07 11:46 PM
 Find	228. About the woods, animals, weather, fishing, water.	Wed, 11/7/07 6:57 PM

 Find	1. The natural physical features, how they where developed; the mining that occurred and will be in the future; the natives and the settlers why they came and why they stayed.	Sun, 1/27/08 10:58 AM
 Find	2. Wildlife	Thu, 1/24/08 8:18 PM
 Find	3. Geologic history, plant and animal life.	Thu, 1/24/08 11:27 AM
 Find	4. History, fishing/hunting, animals.	Mon, 1/21/08 5:10 PM
 Find	5. I've been coming to Lake Vermilion for 20 years, and I have saught out the beauty of forest trails, ridge hiking, and fishing/boating on this unbelievably beautiful place.	Sun, 1/20/08 10:13 PM
 Find	6. WILDLIFE, FISHING AT LAKE VERMILLION. BIRD WATCHING	Sun, 1/20/08 5:40 AM
 Find	7. Previous indigenous settlement, what makes the region unique ecologically, what unique creatures you can expect to see, what unique celestial events you can expect to witness (ie. Northern Lights).	Sat, 1/19/08 1:38 AM
 Find	8. voyageur history?	Wed, 1/16/08 8:23 PM
 Find	9. Please add tax dollars not another burden to the taxpayers	Wed, 1/16/08 3:07 PM
 Find	10. Historical, cultural and asthetic values	Wed, 1/16/08 12:24 PM
 Find	11. History of the Underground Mining Industry and the History of Lake Vermilion and the BWCA.	Wed, 1/16/08 11:27 AM
 Find	12. the history of the Native Americans and voyaguers that used the lake as a travel route in the 1600 and 1700's.	Tue, 1/15/08 10:44 PM
 Find	13. your survey is biased towards a proposed park; northeastern minnesota has sufficent public land/campgrounds; spend the money on what we have	Tue, 1/15/08 6:39 PM
 Find	14. Facts about the area, other activities and areas to do or see.	Mon, 1/14/08 9:23 PM
 Find	15. I would want to learn about the history of the land and people.	Mon, 1/14/08 2:19 PM
 Find	16. History.. Logging effects on the area	Fri, 1/11/08 11:46 AM
 Find	17. Please explain how the DNR can be considering adding another state park when it is in the process to turning over parks to local governments or seasonally closing for lack of funds? Why does it seem that the DNR's focus mainly in Northern Minnesota, i.e; how many parks are north of the glacial ridge v.s. south? How many miles of trail are north of glacial ridge vs south?	Thu, 1/10/08 8:10 PM
 Find	18. PROBABLY learn more about the native americans and others that lived there many generations ago. Avoid the same old stuff that is at other parks	Thu, 1/10/08 1:10 PM
 Find	19. fishin, mining, fur trading	Thu, 1/10/08 12:38 PM
 Find	20. Native american heritage, local mining history, wildlife habitat/behavior.	Wed, 1/9/08 12:43 PM
 Find	21. not sure.	Tue, 1/8/08 6:58 PM
 Find	22. The human history as well as the geologic history and the botanical life that dominates.	Mon, 1/7/08 9:22 PM
 Find	23. how the lake was created.native american history.	Sat, 1/5/08 10:49 AM
 Find	24. History, animals that live in the area (especially if there are wolves, moose, lynx, bears)	Sat, 1/5/08 8:35 AM
 Find	25. Some of the historical events. Nature and animals.	Fri, 1/4/08 4:55 PM

 Find	26. What is the history of the native Americans who lived in the area? Logging history.. Mining history. Park creation process.	Fri, 1/4/08 4:07 PM
 Find	27. Geology, Ecology and Biology	Fri, 1/4/08 1:44 PM
 Find	28. Personally I want to experience more of wooded, scenic northern MN. This piece of land, with shoreline on a very scenic big lake, is a good oportunity to achieve that for all Minnesotans, both present and future generations, and should be purchased now while the opportunity exists!!! They're not making any more land!!!	Fri, 1/4/08 11:44 AM
 Find	29. how to enjoy the outdoors	Fri, 1/4/08 9:57 AM
 Find	30. wildlife,plants,canoeing,hiking,map,rocks.	Fri, 1/4/08 8:20 AM
 Find	31. What was it like during the time of the first discoveries. The novelties fo the remoteness.	Fri, 1/4/08 7:28 AM
 Find	32. My answer to this question is another series of questions: -What is unique to the area? -What is important about the area's ecology? Geography? Economy? History? Recreation? -What is important for people to know about the park? What distinguishes Lake Vermillion State Park from the other state parks in Minnesota? In the United States? By answering these questions, I think the answers to your question will become very clear.	Thu, 1/3/08 11:48 PM
 Find	33. I don't know, Have not been to the area before	Thu, 1/3/08 9:31 PM
 Find	34. I just moved to the area a few years ago and find the mining industry to be amazingly interesting. The deep Indian culture would be interesting.	Thu, 1/3/08 3:23 PM
 Find	35. History of area settlers & other info	Thu, 1/3/08 3:18 PM
 Find	36. I would want to learn about the region and how it typifies northern Minnesota in its ecosystem, geology, and history. I'd like to learn about the history of the iron range and the BWCA. Lake Vermillion is a very distinct place with a distinct personality. Make the park illustrate what Lake vermillion is in its essence.	Thu, 1/3/08 3:03 PM
 Find	37. As much as possible about wildrness	Thu, 1/3/08 11:55 AM
 Find	38. Gold mining, Indian history, Nature,unique water shed, and Lake creation	Thu, 1/3/08 8:01 AM
 Find	39. Formative geological events, the broad sweep of cultural changes and how they were driven by locally available resources.	Wed, 1/2/08 9:48 PM
 Find	40. where the fish are.	Wed, 1/2/08 7:18 PM
 Find	41. About the glaciation. About the iron ore deposits.	Wed, 1/2/08 4:09 PM
 Find	42. They will want to learn about the forest, the lake and how it was formed. The wil want to know how people affect habitats.	Wed, 1/2/08 3:26 PM
 Find	43. The heritage of the area.	Wed, 1/2/08 12:02 PM
 Find	44. its history	Wed, 1/2/08 11:36 AM
