Privately Owned Lands	
Forest Legacy/Forests for Future	0
Walk-In Access	0
Total for Public Hunting	412

Harvest, Designation and Winter Severity Index (WSI)

Wildlife Manager Report

Deer Permit Area (DPA) 132 lies partially within the Superior National Forest and is predominately public land outside the primary moose range. It is a heavily forested permit area which is subject to deep snow and long, cold winters. Winter severity continues to be a factor affecting deer survival. The local deer herd is currently well below the population goal. Implementation of a Bucks-Only management strategy will continue in 2025 to move the population towards goal. * Note for 2025 season: portions of this DPA were impacted by the Brimson complex wildfires.

DNR Wildlife Contact(s): Jessica Holmes, 218-300-7861

Important Chronic Wasting Disease (CWD) Information
Optional CWD testing
