Wildlife Manager Report

Deer Permit Area (DPA) 199 follows the boundary of the Fond du Lac Reservation, so harvest regulations are a collaborative effort with the FDL Band. Band members take a significant portion of their deer harvest from the Reservation so seasons for state-licensed hunters are often more conservative. DPA 199 has had several tough winters in recent years and while last winter was mild, the population is still low. To help the population grow, DPA 199 will be Bucks-only this fall. A permit to access most tribal lands is required for non-tribal members. Hunters are encouraged to submit their deer heads to the FDL Resource Management office at 28 University Rd in Cloquet for CWD sampling. Contact their office at 218-878-7101 for more information.
