

# Veterans 100% Service Connected Disability Permanent Card

2013

## Free license eligibility card available to Minnesota's disabled veterans

Minnesota resident veterans with 100 percent service-connected permanent disability can apply for a free eligibility card that allows them to receive a free small game and either-sex deer hunting license each year.

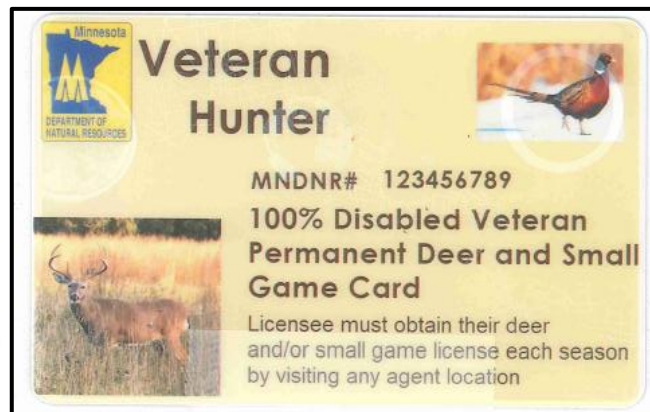

"Disabled veterans will no longer have to bring their paperwork to the license agent every year," said Steve Michaels, licensing program director for the Minnesota Department of Natural Resources (DNR). "They'll need their paperwork to apply but once the card is issued, disabled veterans can simply present the eligibility card to receive a license."

Obtaining the free eligibility card is optional. Veterans may still use their paperwork to obtain the free licenses.

DNR has mailed letters and applications to veterans who have previously obtained a free small game or either-sex deer license. Other Minnesota resident military veterans with 100 percent service-connected permanent disability, as defined by the U.S. Veterans Administration, may obtain an application online at [www.mndnr.gov/licenses/military](http://www.mndnr.gov/licenses/military) or call toll free 1-877-348-0498.

## SAMPLE:

FRONT

BACK

The licensee identified on the front of this card has met the conditions for a no-fee 100% service connected deer and small game license.

AGENTS: Once the customer has been identified on the system, please select the "Resident Military Status" on the bottom left hand corner of the screen and follow the prompts to issue the license.
