DEALER OR AUTHORIZED AGENT SIGNATURE

## **WATERCRAFT TITLING**

As a safeguard for boat owners, the Minnesota legislature created a law, which requires the titling of certain watercraft. A title provides proof of ownership, which becomes very important when buying or selling a boat. It also protects businesses that make boat loans, and helps in the identification and recovery of stolen watercraft.

Effective January 1, 1991 *Chapter 86B* requires certain watercraft to be Titled.

### **Requirement.**

Unless specifically exempted, a watercraft used on the waters of the state must have a certificate of title if:

- 1) the watercraft is owned by a resident of this state and is kept in the state for more than 90 consecutive days; or
- 2) the watercraft is kept in the state for more than 90 consecutive days and has not been issued a certificate of title or similar document from another jurisdiction.

### **Watercraft Exempt from Titling.**

A watercraft is not required to have a certificate of title if the watercraft is:

- 1) owned by a manufacturer or dealer and held for sale;
- 2) used by a manufacturer solely for testing;
- 3) from a jurisdiction other than this state, temporarily using the waters of this state;
- 4) owned by the United States, a state, this state or political subdivision;
- 5) a duck boat used only during duck hunting season;
- 6) a rice boat used only during wild rice harvesting season;
- 7) owned by a person, firm, or corporation operating a resort as defined in section 157.01, subdivision 1, or a recreational camping area as defined in section 327.14, subdivision 8, except with respect to a previously titled watercraft;
- 8) watercraft manufactured prior to August 1, 1979. (1979 or older);
- 9) a row-type fishing boat of single hull construction, with oar locks and an outboard motor capacity rating of less than 40 horsepower;
- 10) a canoe;
- 11) a kayak;
- 12) a ship's lifeboat;
- 13) a vessel of at least five net tons measured in Code of Federal Regulations, title 46, part 69, that is documented under Code of Federal Regulations, title 46, subpart 67.01; (any documented vessel);
- 14) a seaplane; or
- 15) a rowing shell

### **Voluntary Titling.**

The owner of a device used or designed for navigation on water and used on the waters of this state may obtain a certificate of title for the device, even though it is not a watercraft as defined in section 86B.820, subdivision 14, in the same manner and with the same effect as the owner of a watercraft required to be titled under Laws 1989, chapter 335. Once titled, the device is a titled watercraft as defined in section 86B.820, subdivision 13, and is and remains subject to Laws 1989, chapter 335, to the same extent as a watercraft required to be titled.

A watercraft that is owned and licensed under section 86B.401 before January 1, 1991, is not required to have a certificate of title until the owner transfers part of an interest in the watercraft or renews the license.

### **Title Required for Transfer.**

A person may not sell or otherwise transfer a titled watercraft without delivering to the person acquiring the watercraft a certificate of title with an assignment on it to show complete chain of ownership to the person acquiring the watercraft. A person may not acquire a watercraft required to have a certificate of title without obtaining a certificate of title for the watercraft in the person's name.
