

# HOVLAND DOCK PLANNING STUDY

## PROJECT ID:

306-11-00

## YEAR:

1999

## GRANTEE:

Cook County

## COUNTY:

Cook

## CATEGORY:

Coastal Land Use,  
Planning & Development

## GRANT AWARD:

\$5,000

## TOTAL PROJECT COST:

\$6,631

The mission of Minnesota's Lake Superior Coastal Program is to preserve, protect, restore and enhance coastal resources for present and future generations. We provide technical and financial assistance for local communities to balance protection of coastal resources with providing residents and visitors places to work, live, and play.

## SUMMARY

Hovland Dock was built in 1905 and served as a hub for local transportation along the North Shore of Lake Superior. The dock area was neglected as commercial fishing declined and the highway system became the dominant form of transportation.

A Community Response study was undertaken to assess the barriers and benefits of Hovland Dock Restoration. Public meetings

## Hovland Dock Restoration

### Phase I - Community Response

A process to generate community comments, review roles of public agencies and explore options for repair or removal

May 2002

Prepared for Cook County Board of Commissioners  
Grand Marais, MN 55604

Support from Minnesota's Lake Superior Coastal Program  
Minnesota DNR, Division of Waters

Prepared by  
  
Carducci Consulting
