This map was prepared from publicly available information only. Every reasonable effort has been made to ensure the accuracy of the factual data on which this map interpretation is based. However, the Department of Natural Resources does not warrant the accuracy, completeness, or implied use of these data. Users may wish to verify critical information sources include both the references here and information on file in the offices of the Minnesota Department of Natural Resources. This map should not be used to establish legal title, boundaries, or locations of improvements. This map was compiled and generated using geographic information systems (GIS) technology. Data of data products are available from DNR Ecological and Water Resources at <http://dnr.state.mn.us> and at <http://dnr.state.mn.us>.
 The Adobe PDF file represents a map created at a size of 34 inches by 44 inches (ANSI E). The data were compiled at a scale of 1:122,000 using the Universal Transverse Mercator Projection, gridzone 15, 1983 North American Datum. This map was created on 20 May 2011.

Public Waters are defined in Minnesota Statutes, section 103G.005. The boundaries of public waters shown on this map are approximate. A public water boundary coincides with the ordinary high water level as defined in Minnesota Statutes, section 103G.005 and is determined through DNR field inspection or survey. Public waters are subject to regulation as per Minnesota Statutes, section 103G.245. Current designated trout streams are listed in Minnesota Rules, part 6206.0050. Shaded Public Land Survey sections may contain designated trout stream tributaries (see Minnesota Rules, part 6206.0050 subject to permit requirements). Additional public watercourses may exist within these sections, subject to field determination. It is incumbent upon a person contemplating work in a public watercourse to investigate whether said watercourse is a designated trout stream regardless of whether said public watercourse is depicted on this map. Note: As stated in Minnesota Statutes, section 103G.205, the designation of waters of this state as public waters does not affect state law prohibiting trespass on private lands. Contact the DNR office in your area for further information or visit: <http://dnr.state.mn.us>.
