# 2019 Interagency Agreements and Transfers Report

Minnesota Statutes §15.0395  
10/15/2019

---

# Introduction

This report outlines our agreements with other agencies and each of the transfers we made during fiscal year 2019.

Please note that Minnesota Statute 15.0395 requires agencies to report on interagency agreements and transfers of more than \$100,000. We included all transfers regardless of amount to provide increased transparency to readers.

The report contains three sections—1) transfers and 2) interagency agreements and 3) copies of the agreements. The first two sections include totals, descriptions of each transfer or agreement, and the legal authority for each transaction.

## **MS 15.0395 Interagency Agreements and Intra-Agency Transfers**

(a) By October 15, 2018, and annually thereafter, the head of each agency must provide reports to the chairs and ranking minority members of the legislative committees with jurisdiction over the department or agency's budget on:

(1) interagency agreements or service-level agreements and any renewals or extensions of existing interagency or service-level agreements with another agency if the cumulative value of those agreements is more than \$100,000 in the previous fiscal year; and

(2) transfers of appropriations between accounts within or between agencies, if the cumulative value of the transfers is more than \$100,000 in the previous fiscal year.

The report must include the statutory citation authorizing the agreement, transfer or dollar amount, purpose, and effective date of the agreement, the duration of the agreement, and a copy of the agreement.

(b) As used in this section, "agency" includes the departments of the state listed in section 15.01, a multimember state agency in the executive branch described in section 15.012, paragraph (a), the Office of MN.IT Services, and the Office of Higher Education.

Preparing this report took approximately 57 hours and cost approximately 3,015.
