Subject: M.S. 16B.245 Inventory of state owned land report.

All 88,165 parcels of state owned land as identified in M.S. 16B.245 totaling 2,983,320 acres of land have been inventoried by the Department of Natural Resources according to each parcel's location and size.

Each parcel was then classified as whether it is (1) currently being used for a public purpose, (2) anticipated to be used for a public purpose or (3) not currently being used or anticipated to be used for a public purpose.

The results of this inventory and classification project are:

- Class (1) 87913 parcels that equal 2,977,361 acres.
 - Class (2) 177 parcels that equal 5,251 acres.
 - Class (3) 75 parcels that equal 708 acres.
- Total of 88,165 parcels equaling 2,983,320 acres.

Attached is the summary identifying how much land is included in each classification under section 86A.05 as required in M.S. 16B.245.

Digital files listing all 88,165 parcels are included on a CD as instructed by the Department of Administration.

Also, all of the 2703 Department of Natural Resources buildings have been inventoried and classified as instructed by the Department of Administration. The results of this inventory and classification project are:

- Class (1) 2659 buildings currently in public use.
- Class (2) 4 buildings anticipated for public use.
- Class (3) 40 buildings with no public use.
