

Resolution Instructions

If your governing authority passed a resolution that both acknowledges applying for the grant and if you receive a grant to enter into an agreement. See the following excerpt from the Federal Recreational Trail Grant Application Manual.

Excerpt from the Grant Application Manual:

Resolution Supporting Application – The application must be accompanied by either a copy of a resolution, council minutes or some other official documentation that demonstrates that the local unit of government supports the proposed project and the consequent application. The resolution does not need to have a specific form or specific language, as long as it satisfies what was outlined in the previous sentence. A sample resolution has been included in Appendix A. The sample resolution is a combination type resolution example. It shows support of the grant application (as required above), and if the project is awarded, it includes language to support accepting the grant award, names the fiscal agent, and states that the facility, trail or equipment will be maintained for no less than twenty years. This combination resolution helps eliminate the need for an additional resolution for this project in the future, if awarded a grant.

As noted on your Required Documentation Checklist under resolution that is should include accepting the grant, naming the fiscal agent and assures the facility, trail or equipment will be maintained for no less than 20 years. If your resolution did not include these three items, then a new resolution is required.

If you have any questions or would like your resolution language reviewed prior to your Governing Authority passing the resolution, please contact:
