SUBJECT: Fire Department Cooperative Fire Protection Agreements

The purpose of this Cooperative Fire Protection Agreement is to cooperate in the prevention and suppression of wildland fires as authorized under M.S. 88.04. Assistance will only be provided when requested, when resources are available, and can be committed without diminishing either party's ability to protect its own jurisdiction.

If your fire department does not have a Fire Department Cooperative Fire Protection Agreements with the Minnesota Department of Natural Resources, Division of Forestry, and you wish to enter into an agreement, contact your nearest DNR Forestry Area office. Contact information is available at; <http://www.dnr.state.mn.us/areas/forestry/index.html>

If you have any questions, call or email me.

Sincerely,

Tim Oland
