

STATE PARK
LICENSE PLATE
DESIGN CONTEST
TEMPLATE

This template is designed to print at full size (100%) on 11" x 17" paper.

You may print it on 8.5" x 11" paper, as long as the license plate's proportions are not distorted.

Minnesota

AAA000

STATE PARKS AND TRAILS

Dashed red line: Shows the outer edge of your design (12" x 6").

Solid black line: Shows the live area — the part of your design that will be visible on a plate (approximately 11.4375" x 5.3125").

Grey shaded areas: May include design elements, but the background must maintain a minimum 3:1 contrast ratio with the license plate numbers/letters.

Striped areas: May include design elements, but they will be covered by bolt holes and registration stickers on the finished license plate.

Green shaded areas: May include design elements as long as the words "Minnesota" and "State Parks and Trails" remain easy to read.

The sample below is shown to help illustrate the points listed.

**STATE PARK
LICENSE PLATE
DESIGN CONTEST
TEMPLATE**

This template is designed to print at full size (100%) on 11" × 17" paper.

You may print it on 8.5" × 11" paper, as long as the license plate's proportions are not distorted.

- Dashed red line:** Shows the outer edge of your design (12" x 6").
- Solid black line:** Shows the live area — the part of your design that will be visible on a plate (approximately 11.4375" x 5.3125").
- Grey shaded areas:** May include design elements, but the background must maintain a minimum 3:1 contrast ratio with the license plate numbers/letters.
- Striped areas:** May include design elements, but they will be covered by bolt holes and registration stickers on the finished license plate.
- Green shaded areas:** May include design elements as long as the words "Minnesota" and "State Parks and Trails" remain easy to read.
- The sample below is shown to help illustrate the points listed.
