Checklist created by Robert B. Janssen, Jerry Bonkoski and MNDNR. Data was gathered from MNDNR staff observations, public observations and Minnesota Ornithologist's Union records. Nomenclature and organization of checklist based off of the *Check-list of North American Birds* (7th edition) as currently supplemented.

BIRD CHECKLIST

SCHOOLCRAFT STATE PARK

Birding at Schoolcraft State Park

The Mississippi River flows along this small park in northern Cass and Itasca counties. Park habitat includes large stands of white and red pines, as well as areas of deciduous trees. Look for pine warblers, blackburnian warblers, eastern wood-pewees, red crossbills and woodpeckers using the pines in the day use area.

Stroll along the southern section of the Hiking Club trail to watch for migratory sparrows and thrushes along the dense, brushy areas found there.

Key

Occurrence

Sp - Spring (Mar—May)

S - Summer (Jun—Jul)

F - Fall (Aug—Nov)

W - Winter (Dec—Feb)

Abundance

C - Common (Present, relatively easy to find)

U - Uncommon (Present, not certain to be seen)

O - Occasional (Infrequent, may not return each year)

R - Rare (Observed at least once, may not return)

Date: Enter the date you saw the bird.

Bird Identification Tips

When you observe a bird, make note of at least three characteristics.

Location: Where did you see the bird? (water, forest, feeder, lower branch, tree trunk, etc.)

Body size and shape: Compare to a known bird. (smaller than a...bigger than a...plump like a...slender like a...) Look at tail, legs and bill. (long, short, thick, thin, curved, straight)

Colors and markings: Look on wings, tail, back, belly, rump and head. (stripe above eye, white spot on tail, etc.)

Sounds and movements: How do they act and sound? (travel alone or in groups, in-flight wing position - soaring, flapping, flap and glide, etc.)
