Back of bobolink card.

Where in the forest do bobolinks live?

What animals eat bobolinks?

What other animals and plants live in the forest with bobolinks?

In what ways do bobolinks depend on these other animals and plants?

How do bobolinks influence their environment?

Bur oak

Back of bur oak card.

Where in the forest does bur oaks live?

What animals eat bur oaks?

What other animals and plants live in the forest with bur oaks?

In what ways do bur oaks depend on these other animals and plants?

How does bur oaks influence their environment?

Coyote

Back of coyote card.

Where in the forest do coyote live?

What animals eat coyote?

What other animals and plants live in the forest with coyote?

In what ways do coyote depend on these other animals and plants?

How do coyote influence their environment?

Purple prairie clover

Back of purple prairie clover card.

Where in the forest does purple prairie clover live?

What animals eat purple prairie clover?

What other animals and plants live in the forest with purple prairie clover?

In what ways do purple prairie clover depend on these other animals and plants?

How does purple prairie clover influence their environment?

Monarch butterfly

Back of monarch butterfly card.

Where in the forest do monarch butterflies live?

What animals eat monarch butterflies?

What other animals and plants live in the forest with monarch butterflies?

In what ways do monarch butterflies depend on these other animals and plants?

How do monarch butterflies influence their environment?

Indian grass

Back of Indian grass card.

Where in the forest does Indian grass live?

What animals eat Indian grass?

What other animals and plants live in the forest with Indian grass?

In what ways does Indian grass depend on these other animals and plants?

How does Indian grass influence their environment?

Prairie skink

Back of prairie skink card.

Where in the forest do prairie skinks live?

What animals eat prairie skinks?

What other animals and plants live in the forest with prairie skinks?

In what ways do prairie skinks depend on these other animals and plants?

How do prairie skinks influence their environment?

Short-tailed weasel

Back of short-tailed weasel card.

Where in the forest do short-tailed weasels live?

What animals eat short-tailed weasels?

What other animals and plants live in the forest with short-tailed weasels?

In what ways do short-tailed weasels depend on these other animals and plants?

How do short-tailed weasels influence their environment?

Thirteen-lined ground squirrel

Back of thirteen-lined ground squirrel card.

Where in the forest do thirteen-lined ground squirrels live?

What animals eat thirteen-lined ground squirrels?

What other animals and plants live in the forest with thirteen-lined ground squirrels?

In what ways do thirteen-lined ground squirrels depend on these other animals and plants?

How do thirteen-lined ground squirrels influence their environment?

Tri-colored bumblebee

Back of tri-colored bumblebee card.

Where in the forest do tri-colored bumblebees live?

What animals eat tri-colored bumblebees?

What other animals and plants live in the forest with tri-colored bumblebees?

In what ways do tri-colored bumblebees depend on these other animals and plants?

How do tri-colored bumblebees influence their environment?
