## Potential School Forest Committee Members

These are members of the school, community, or county that may help plan or organize your school forest. Examples include parents, students, teachers, administrators, local or state government staff, business members, foresters, gardeners, community members, etc. Most committees consist of 9 to 12 people.

**names**

**position/titles**

Which DNR forester have you contacted? (name)

Have you consulted with any other foresters?      No              Yes, who?

What help from the School Forest Program could benefit your site?

Once we receive your application, the School Forest Program staff will contact your site coordinator with more information and determine the next steps to best achieve your site's needs.

**Please send this completed application and all required attachments to:**
