## Do you own a motorboat?

After selecting your fuel type, if you answer 'no' to any of the questions no further action is required.

Do you own a gasolinepowered motorboat? Do you own a diesel-powered motorboat?

Does your boat have an enclosed occupancy space?

Your boat is required to display three carbon monoxide warning stickers.

Your boat is not required to display the three carbon monoxide warning stickers.

Does your boat have all three of the following spaces? (Both Gas and Diesel)

- 1. Designated sleeping accommodation
- 2. A galley area with a sink
- 3. A head (toilet) area

Your boat must be equipped with a functioning marine carbon monoxide detection system.

A marine CO detector must be located to monitor the atmosphere of the main cabin and in each sleeping accommodation or within ten feet of any designated sleeping accommodations.
