No wake zones

Special “slow - no wake zones” (indicated with red hatch marks on map) are enforced in congested and hazardous areas of the river. In No Wake Zones, motorboat operation is restricted to “the slowest possible speed necessary to maintain steerage, but in no case greater than five miles per hour.” To improve safety conditions and make the river experience more enjoyable for more people, please obey the speed limits and maintain special vigilance when traveling through such zones.

No wake zones
Special “slow - no wake zones” (indicated with red hatch marks on map) are enforced in congested and hazardous areas of the river. In No Wake Zones, motorboat operation is restricted to “the slowest possible speed necessary to maintain steerage, but in no case greater than five miles per hour.” To improve safety conditions and make the river experience more enjoyable for more people, please obey the speed limits and maintain special vigilance when traveling through such zones.
Mississippi River

Upper Mississippi River National Wildlife and Fish Refuge
Covers 261 miles from Chippewa River in Wisconsin and ends near the towns of Princeton, Iowa and Cordova, Illinois.

Trempealeau National Wildlife Refuge
6,200 acre refuge lies within the Mississippi flyway, along the Mississippi River providing resting and feeding areas for waterfowl and other birds.
