Internship Qualifications

In order to apply for an internship, you must be fulfilling an academic requirement and/or result in academic credit from an accredited educational institution. The internships are unpaid and limited to maximum of 200 hours during the months of May-September. The Division does not provide any expenses or room and board for participation in the Internship Program.

The DNR Enforcement Division offers up to four internships each year located throughout the state. In order to be chosen for an internship with the Division, applicants must fill out the required application paperwork and go through a selection process that will include a ride along/interview with a Conservation Officer.
