(ret.)

Court File No. 62-CV-13-2414  
The Honorable Margaret M. Marrinan

Plaintiff,

White Bear Lake Homeowners' Association, Inc.,  
*ex. rel.* State of Minnesota,

**ORDER**

Plaintiff/Intervener,

v.

Minnesota Department of Natural Resources, et al.,

Defendants.

---

Notwithstanding any prior order of the Court, **nothing** in the Court's orders requires the Department of Natural Resources to modify existing municipal water appropriations from the Prairie du Chien aquifer to limit the total volume of permitted appropriations to the equivalent of 55 gallons per capita per day. For clarity, nothing in the Court's prior orders prohibits municipalities with water appropriation permits from furnishing water to non-domestic users such as hospitals, grocery stores, public services or other commercial or industrial uses.
