

Logging into ArcGIS Collector via MNDNR Portal

Step One – Join Portal Group (Non-DNR users can skip to Step Two):

- Log into [MNDNR Portal](https://arcgis.dnr.state.mn.us/portal/home/signin.html) (https://arcgis.dnr.state.mn.us/portal/home/signin.html). DNR Staff have a username in the format ADusername@mndnr. For example, my username is anwilliq@mndnr. Your password is the same as your Active Directory password
- Click on “Groups” tab at the top of the page
- At the top of the page by your name and search box, you should see a notification to join the culvert group(s) in red. Accept the invitation(s)

Step Two – Sign into Collector with Portal Credentials:

- On the iPad (or other mobile device) Log out (if logged in) and then when logging back in, click on the ARCGIS ENTERPRISE option

- Enter the URL to the [MNDNR Portal](https://arcgis.dnr.state.mn.us/portal/home/signin.html) (https://arcgis.dnr.state.mn.us/portal/home/signin.html) and then click CONTINUE.

- Sign in with your Portal username password

Collector for ArcGIS (iOS) wants to access your MN DNR Portal for ArcGIS account information

- Your list of available web maps will appear. Select the appropriate Culvert Collector app

After you complete these steps, you shouldn't have to do it again and it should have a similar, nearly identical look to the ArcGIS Online version in the past. All users will have to complete these steps, so forward this email to anyone I may have missed and let me know if you have any questions or don't see the 'invite' in your Portal account. I have to manually invite everyone one by one, so it's possible I could have missed somebody.
