2006 Public Stumpage Price Review

Price Received Method and Purpose

The various public agencies have different fiscal years. The reporting period for each agency is included as part of the agencies information. The fiscal year used by the counties is the same as the calendar year. Federal agencies (USFS and BIA) fiscal year runs from October 1 – September 30. The state's (Minnesota DNR) fiscal year runs from July 1 – June 30, but to make the data reported more consistent with the other agencies, the time period for the data included in this year's report is for the 2006 calendar year.

Some agencies report their data based on timber appraisal estimates from timber sales sold, while others report based on actual scale receipts. The reporting basis for each agency is included in the report.

The reported timber sales data includes different products and units of measure. All volumes in MBF and cords and the associated values by product are reported as received from the various agencies.

The information in this report is useful for determining relative volume of saw material and pulpwood sold during the reporting period by public agencies in Minnesota. It is useful in comparing the relative stumpage prices across the agencies and the overall average price received by all public agencies in 2006.

The reader should use caution when comparing the prices shown in this report with actual prices received or expected on any specific timber sale. Individual sale prices may vary significantly from the averages shown in this report because of variability in both economic and physical conditions.

For information about the Minnesota Stumpage Price Review, contact: Timber Sales Supervisor, Division of Forestry, Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, Minnesota 55155-4044; phone (651) 259-5262.

PUBLIC STUMPAGE

PRICE REVIEW

2006 EDITION

The Minnesota Public Stumpage Price Review is compiled by the Division of Forestry in cooperation with other public land management agencies in Minnesota. The continued cooperation received from the reporting agencies is greatly appreciated.

Public Stumpage Price Review 2006: Volume of Timber Sold and Average Price Received by Public Agencies in Minnesota
