steve@piragis.com

Paddling Wilderness Shores Since 1979

I, (WE), the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA). This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://www2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA) . This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA) . This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

I, (WE) , the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA). This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

To: <susanpschubert@gmail.com>

I, (WE), the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of

an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by

the Minnesota Four Wheel Drive Association (Mn4WDA) . This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the

nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more

spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area

that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

Subject: Re: Petition Signature NEEDED AGAIN ! for Border to Border OHV Touring Route (B2B)

To: Susan Perrin Schubert <susanpschubert@gmail.com>

I, (WE), the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA) . This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

I, (WE), the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA). This designated, nationally advertised, signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.

Subject: Fwd: Petition Signature NEEDED AGAIN ! for Border to Border OHV Touring Route (B2B)

To: <susanpschubert@gmail.com>

I, (WE) , the undersigned, live in and/or own property in the state of Minnesota. I (WE), request the preparation of an Environmental Assessment Worksheet (EAW) for the proposed Border to Border Touring Route put forward by the Minnesota Four Wheel Drive Association (Mn4WDA) . This designated, nationally advertised , signed and mapped route would cross the northern third of Minnesota state, starting in Kittson county and ending in Silver Bay Minnesota.

By signing below, I support the material evidence submitted in the attached Petition, and believe that, because of the nature or location of the proposed project there may be potential for significant environmental effects.

This project consists of two phases; the main stem phase is phase one, with the second phase consisting of two or more spur trails off the main stem to various points of challenge or tourist interest. See (Doc. 1A) PG. 215 of petition.

The same organization, Mn4WDA, is planning 19 similar routes that potentially affect the same broad geographic area that share common environmental resources. This was stated by the Mn4WDA President Rick Langess in a 2/21/20 Cook County Herald interview. See petition (Doc. 3) pg. 220 of petition.

In legislative testimony in 2019, the Mn4WDA acknowledged the Border to Border Touring Route would get the ball rolling on other projects and called OHV Adventure Touring the next big thing. The recorded testimony begins at 1:37:34. <http://ww2.house.leg.state.mn.us/audio/mp3ls91/envfin032819.mp3> See pg. 51 of petition.
