**Notice:** This email message simply reports the results of the cultural resources database search you requested. The database search is only for previously known archaeological sites and historic properties. **IN NO CASE DOES THIS DATABASE SEARCH OR EMAIL MESSAGE CONSTITUTE A PROJECT REVIEW UNDER STATE OR FEDERAL PRESERVATION LAWS** – please see our website at <https://mn.gov/admin/shpo/protection/> for further information regarding our Environmental Review Process.

Because the majority of archaeological sites in the state and many historic/architectural properties have not been recorded, important sites or properties may exist within the search area and may be affected by development projects within that area. Additional research, including field surveys, may be necessary to adequately assess the area's potential to contain historic properties or archaeological sites.

Properties that are listed in the National Register of Historic Places (NRHP) or have been determined eligible for listing in the NRHP are indicated on the reports you have received, if any. The following codes may be on those reports:

**NR** – National Register listed. The properties may be individually listed or may be within the boundaries of a National Register District.

**CEF** – Considered Eligible Findings are made when a federal agency has recommended that a property is eligible for listing in the National Register and MN SHPO has accepted the recommendation for the purposes of the Environmental Review Process. These properties need to be further assessed before they are officially listed in the National Register.

**SEF** – Staff eligible Findings are those properties the MN SHPO staff considers eligible for listing in the National Register, in circumstances other than the Environmental Review Process.

**DOE** – Determination of Eligibility is made by the National Park Service and are those properties that are eligible for

listing in the National Register, but have not been officially listed.

**CNEF** – Considered Not Eligible Findings are made during the course of the Environmental Review Process. For the purposes of the review a property is considered not eligible for listing in the National Register. These properties may need to be reassessed for eligibility under additional or alternate contexts.

Properties without NR, CEF, SEF, DOE, or CNEF designations in the reports may not have been evaluated and therefore no assumption to their eligibility can be made. Integrity and contexts change over time, therefore any eligibility determination made ten (10) or more years from the date of the current survey are considered out of date and the property will need to be reassessed.

If you require a comprehensive assessment of a project's potential to impact archaeological sites or historic/architectural properties, you may need to hire a qualified archaeologist and/or historian. If you need assistance with a project review, please contact Kelly Gragg-Johnson, Environmental Review Specialist @ 651-201-3285 or by email at [kelly.graggjohnson@state.mn.us](mailto:kelly.graggjohnson@state.mn.us).

The Minnesota SHPO Archaeology and Historic/Architectural Survey Manuals can be found at <https://mn.gov/admin/shpo/identification-evaluation/>.

MN SHPO research hours are **8:30 AM – 4:00 PM Tuesday-Friday**. Please call ahead at 651-201-3295 to ensure staff is available to assist you, if necessary. Thank you.

**Subject:** Historic and Archaeological Resources Request

I am working on an EAW and need official SHPO reports for architectural/historic and archaeological resources in the study area.

The study area includes Area J and Officers' Row in the Upper Post at Fort Snelling. The TRS information below covers the area:

Township	Range	Section	Quar. of Section	Quar. of Quarter
28	23	28	NW	NW
28	23	29	NE	NE
28	23	29	NE	SE
28	23	29	NE	SW
28	23	29	SE	NE
28	23	29	SE	NW

Please let me know if I need to provide any additional information.

Thanks,  
Elizabeth Gales
