Subject: Upper Post Flats

Your plan to refurbish and reoccupy the historic housing at Fort Snelling is terrific! The location is both beautiful and convenient. Bonus that it will be affordable, and double bonus that preference is given to our veterans.

Thank you.

(Maybe my enthusiasm is a little biased. I've been an affordable landlord for 47 years, personally rehabilitating and maintaining 23 residential units on 10 properties, and I have volunteered to solve building issues at two historic churches, AND - my father was a 28-year USMC pilot, and my husband is a Vietnam vet.)
