BACKGROUND

Minnesota Statutes, Section 89.002, subdivision 3, directs the Commissioner of Natural Resources to provide a system of state forest roads for access to state forest land and other forest land under the Commissioner's authority, which is adequate to permit the Commissioner to manage, protect, and develop those lands and their resources consistent with the forest resource management policy, and to meet demands for forest resources.

Minnesota Statutes, Section 89.71, subdivision 1, provides that the commissioner must designate and undesignate state forest roads by written order published in the State Register.

All notice and procedural requirements in *Minnesota Statutes*, and other applicable rules and law have been complied with.

Undesignation of road #1190 identified in *Exhibit A* has been requested to facilitate the proposed sale of a 40 acre parcel of state land. The minimum maintenance road provides access to this parcel only and not to any other state land.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, pursuant to authority vested in me by law, including but not limited to *Minnesota Statutes*, section 89.71, subdivision 1, that the undesignation the state forest road identified in Exhibit A shall become effective on December 15, 2010.
