Housekeeping

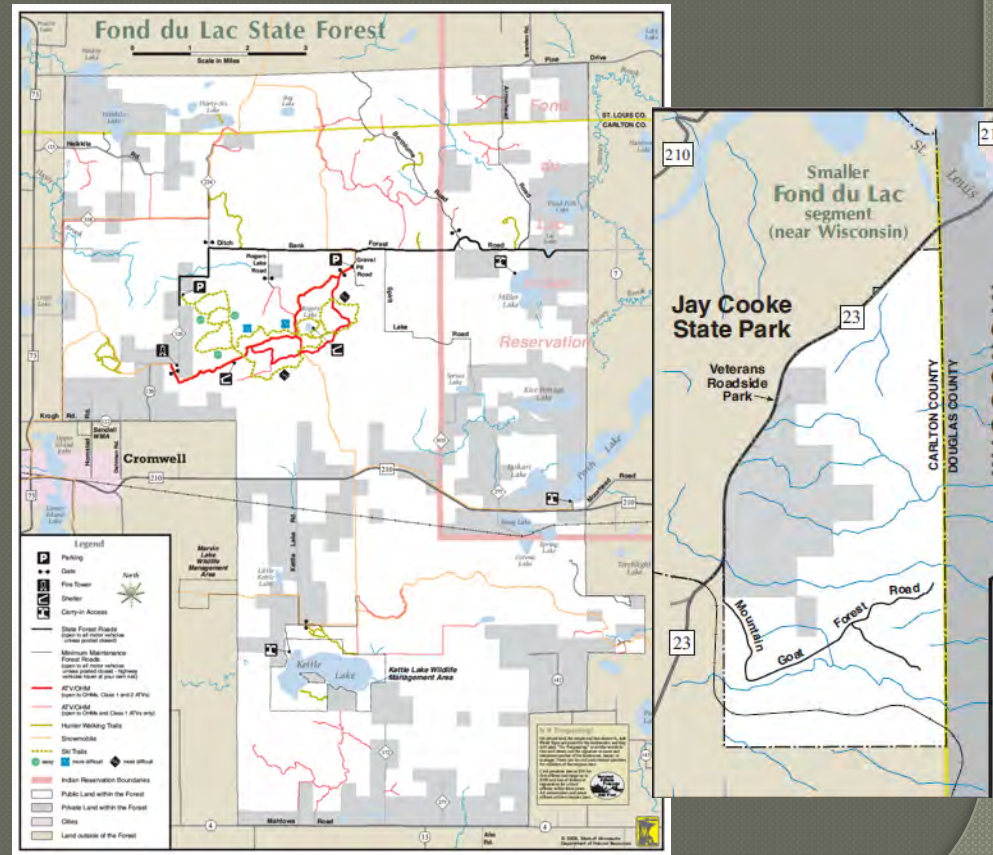

- ❖ We will be taking questions after the PowerPoint. If you have a question, please use the raised hand feature or type it in the Q&A.
- ❖ Written comments are encouraged! The last slide will have information how to comment and will be left up during the Q&A.

Background

- ❖ Forest classification and trail designation plan completed in 2008
- ❖ During the first process, the DNR was limited to designating only existing routes, trails and roads as trails and roads.
- ❖ At the end of this process, the the DNR made the commitment to review the trail designations

Project Area

❖ Fond du Lac State Forest in Carlton and St. Louis Counties.

Forest Classification

- The 2008 process classified each state forest as managed, limited or closed.
 - Managed. Routes are open unless posted closed
 - Limited: Routes are closed unless posted open
 - Closed. Forest is closed to motorized recreation
- These classifications focus on motorize use of the state forest lands.

Current Uses

- ❖ OHV-37 miles
- ❖ Cross Country Ski-18 miles
- ❖ Hunter walking-11 miles

What is included

- New trails and trail connections (both motorized and non-motorized)
- Special management areas
- Rerouting or closing of unsustainable trails.

What is Not Included?

- ❖ The trail system changes will not include changing forest-wide motorized classifications.
- ❖ Other recreation facilities such as campgrounds and day use sites.
- ❖ State corridor trails
 - ❖ E.g. Willard Munger State Trail

Why do it?

- ❖ Adaptive management of recreational use of trails
- ❖ Fix problem areas
- ❖ To respond to working forest land changes
- ❖ Changes in recreation needs

Process Objectives for the Project?

- 1) Designate a sustainable system of trails that provide for diverse motorized and non-motorized public recreation and access.
- 2) Close/reroute unsustainable trails.
- 3) The public will be engaged in recommending and reviewing changes to forest trail systems and management.

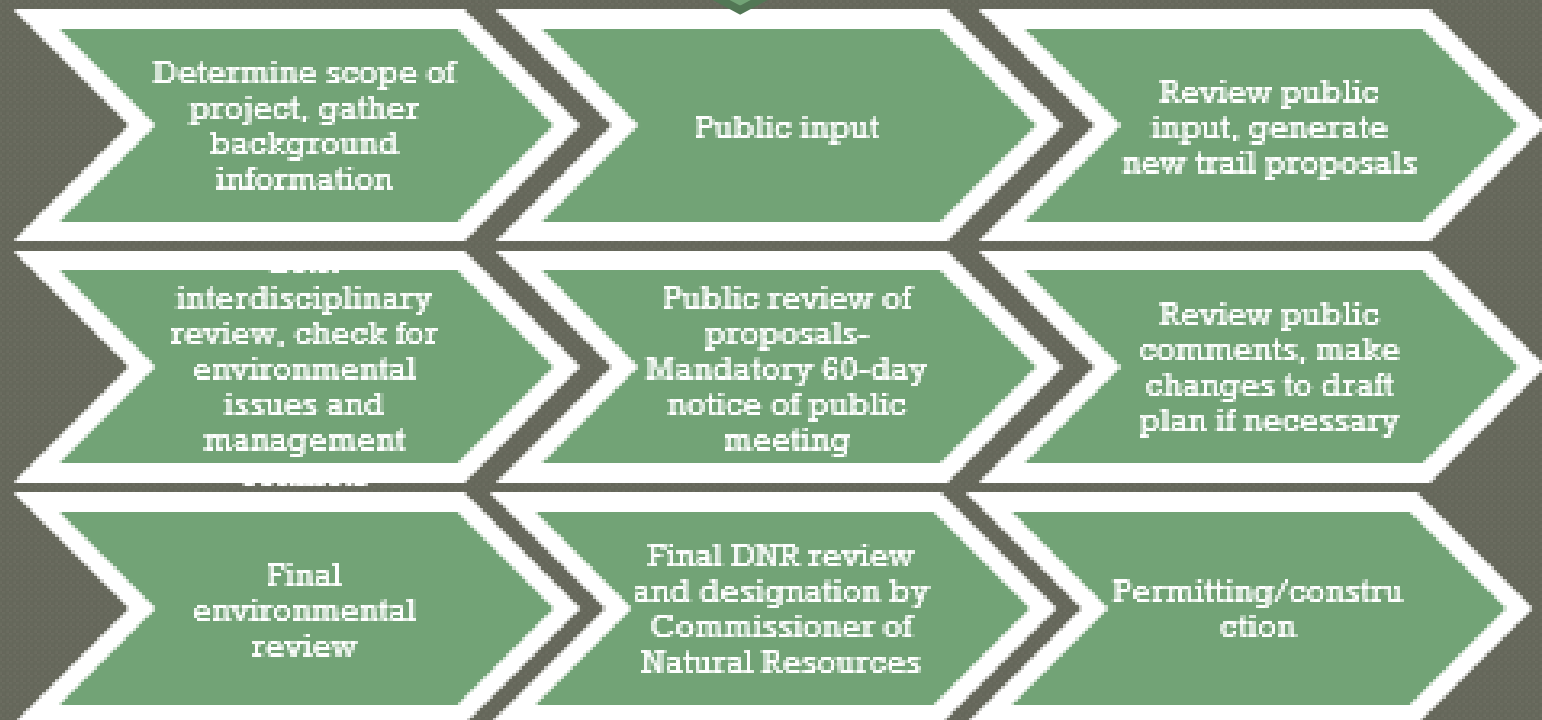

Process Objectives for the Project?

- 4) Designated trails and trail systems that provide a 'quality' recreational experience, and provide connections to other recreation facilities, support services and other popular destinations.
- 5) Trails that provide adequate access for both recreational and utilitarian purposes (e.g., hunting, trapping, angling).

Project Process
